

SENATORS KID EACH OTHER AT YOUR EXPENSE

Einstein Theory and Intelligence
of Voters Is Subject for
Debate.

RETURNING TO NORMALCY

Old Time-Killing Methods Are
Coming Into Their Own
Once More.

BY DAVID LAWRENCE
Copyright 1921 by Post Pub. Co.
Washington.—The national capital has been treated to a surprise. It always assumed that no matter what the subject or what the occurrence either in the realm of politics or science surely there was no limit to the comprehensions of United States senators. But none other than John Sharp Williams, Democratic senator from Mississippi, and Boies Penrose, Republican senator from Pennsylvania, have publicly confessed that they do not understand the theory of relativity propounded by Professor Einstein. And what is even more shocking, they have gone so far as to suggest that they didn't believe anybody else either inside or outside of the senate understood the thing either. This is how it happened:

Senator Williams is talking about the "steam roller" which the Republicans admit they are about to apply over the heads of their Democratic brethren in the matter of appointing committees in the senate. Says Mr. Williams with his far-famed eloquence: "I understand how a great intellect can roll over 'common plebeian minds.' I understand how a great scientist like Isaac Newton could bring into the world a new principle that would control mankind forever. But I do not understand how a political 'steam roller' could destroy a Democratic country of tolerably intelligent people. Mark you, I did not say intelligent people—I said tolerably intelligent people. I recognize that 95 out of 100 men are not very intelligent at all, but I do not understand how a partisan steam roller without any spiritual attributes, without any intellectual attributes, without any moral excellencies, merely the excellencies in membership in some so-called party, could manage to control a country which imagines itself intelligent."

Mr. Penrose replies thus: "The senator referred very eloquently to Newton and others who have contributed to science. I know the senate would patiently listen to him if he would explain his views on Einstein's theory of relativity."

Too Deep For Him
Mr. Williams answers: "I have long contended that the wisest, the greatest, and the most indefinite man in this country is the senator from Pennsylvania, but I did not know until this morning that he could discover anything more vague or indefinite than himself. I frankly confess that I do not believe the senator from Pennsylvania understands Einstein. I frankly confess that I do not believe the senator from Connecticut (Mr. Brandegee) would even contend that he understood Einstein, and I do not believe that even the senator from Massachusetts (Mr. Lodge) would make a very positive pretense in that direction."

Whereupon Mr. Penrose rejoins: "I own a volume of Einstein in the introduction of which it is stated that there are only twelve men in all the world who understand the book. I thought, perhaps, the senator from Mississippi was one of them. I confess that I have nearly lost my mental faculties in trying to understand Einstein."

Not to be squelched, however, Senator Williams continues:

"I believe it is the Earl of Derby who once said that there were only two men who ever understood the Near Eastern question, that one of them was dead and that he himself was getting old and had pretty nearly forgotten it all. So far as Einstein is concerned I did endeavor for a little while to understand Einstein. I do not believe the senator from Pennsylvania ever even tried but I frankly had the wisdom to confess that I did not understand Einstein. However, I do understand that there are certain great fundamental, cardinal principles of fairness which exist in the world and I knew the senator from Pennsylvania knows that, too."

It is at this point that Senator Brandegee abruptly removes the discussion from the domain of Einstein and brings it back to the practical problem of giving the Democrats six members on important committees to the Republicans ten instead of six and nine, which was the ratio before the Republicans won such an overwhelming victory in the last election.

Time Makes Changes
"I believe in the intelligence of the American people," says Mr. Brandegee, "the Republican party will go out of power some day. I remember eight years ago, in 1912, when we came back here and we were out and you were in and the pulchritudinous senator from North Carolina, Mr. Overman, who now refreshes the galleries with his senatorial beauty, met me at the door here and assured me that the Democratic party was in power for the next fifty years, and wanted to know what I meant, being a corpse and buried, in walking around here and pretending to be alive."

"Times change and men change with them. We may go out, of course, but if we do, we will do it as

"DIVINE SARAH" IN ENGLAND

Sarah Bernhardt is shown being carried ashore at Dover, England. She is to appear shortly in London as the star of the new play, "Daniel."

Farmer Getting All The Worst Of It, Speaker Says

NEAR AGREEMENT ON GERMAN POLICIES

Allies Have Until May 1 to De-
termine Attitude Toward
Berlin.

By United Press Leased Wire
London.—Allied policies toward Ger-
many were being drawn to a focus
Wednesday.

Faced with the necessity of reach-
ing an agreement before May 1, the
next two weeks promised to be filled
with conferences of the allied leaders.
The first of these will be held over the
weekend at the home of Premier Lloyd
George's millionaire secretary Sir
Philip Sassoon at Hythe.

Premier Briand of France, accom-
panied by three generals, will endeavor
to persuade Italy and Great Britain
that the only way to dispose of the
situation is to take military action. It
was recognized generally that the su-
preme council either will agree on
drastic action to compel German ob-
servance of the peace terms or submit
to further discussions with the Ger-
mans. France, meanwhile is with-
holding plans for calling new classes to
the colors.

British authorities frankly wonder-
ed whether Germany will submit new
reparations proposals in view of the
ultimatum served on the government
Tuesday demanding that the coun-
try's metal reserves be stored in the
Rhine land, which is under allied con-
trol. When the ultimatum was sub-
mitted, Germans threw up their hands
and declared there was no use in
further negotiations. The Hythe con-
ference is to be informal but there was
little doubt it will shape the future
policy of the allies.

MEXICO'S CREDIT GOOD, INVESTIGATORS FIND

Chicago.—Revolution torn Mexico's
credit is better than that of any for-
eign nation.

This was the opinion Wednesday
of Paul W. Kunning, foreign trade
expert and adviser of the Chicago
Association of Commerce.

Kunning bases his information on
investigations of the mid-west.

"Mexico is in a better position to
pay than any other country," said
Kunning.

"Mexican businessmen are buying
heavily. Textiles, mining and railway
machinery are the principal articles
desired. The food drying industry is
being rapidly developed in Mexico."

Development of the railroad facili-
ties is bringing about better market-
ing conditions, Kunning said.

South America is dead and her
docks swamped with materials, the as-
sociation found.

WOMEN VOTES KEEP MALES IN OFFICE

Tallula, Ill.—The citadel of
male ascendancy in Tallula re-
mained strong Wednesday, with
complete returns in from the
city's most bitterly contested
election.

S. O. Savage was elected mayor
over Mrs. Frances Shaw by a
vote of 184 to 142. Male candi-
dates for the other three offices
also were elected over the three
female aspirants.

A majority of the votes were
cast by women, showing they
were responsible for the downfall
of their sister candidates.

National Farmers Union Cau- tioned to Avoid "Assistant Government."

By United Press Leased Wire
Washington.—Congress should defy
the "assistant government" and make
a thorough inquiry into the causes of
and remedies for the present agricul-
tural situation, Charles S. Barrett
told the National Farmers' union, in
opening its convention here Wednes-
day.

"The assistant government," Bar-
rett described as "that concealed
agency which works night and day
in interest of its clients," and which
is bending agriculture almost to the
breaking point.

"Every day and every hour," Bar-
rett said, "the farmer is urged to keep
the political faith, to refrain from the
practice of advocacy of radicalism, to
be silent while great interests are ar-
tificially diminishing the value of his
products or are engaged in discun-
buling the government bonds which
he was assured would be worth one
hundred cents on the dollar."

The plight of the farmer is de-
perate, Barrett continued, and on its
solution depends the solution of other
important problems.

The farmer, Barrett charged, has
been discriminated against by those
controlling the country's finances pre-
venting him from getting credit and
agriculture has not been afforded the
same transportation facilities as cor-
porations. He urged these conditions
be corrected; that measures be taken
to end farm tenancy; that laws en-
abling farmers to form cooperative so-
cieties be passed; that the meat pack-
ers should be compelled to yield to
government regulation and that the
packers and the country be constant-
ly acquainted with the operations of
the packers and "other aggregations
of capital engaged in distribution of
food, clothing, fuel and fertilizer."

In this connection Barrett urged an
inquiry as to why some interests
"were attempting to nullify or destroy
the usefulness of the federal trade
commission."

Along with the farmers' union con-
vention, farmers' representatives to-
night will get together to form a pro-
tective organization among the stock-
holders and borrowers from the farm-
ers' loan and federal reserve banks.

ARREST THEATRICAL MAN AS DRY LAW VIOLATOR

By United Press Leased Wire
New York.—Oliver Morosco, theatri-
cal man, was arraigned Wednesday in
a Brooklyn court on a charge of vi-
olating the Volstead act by possessing
92 bottles of liquor, bottled after the
act became effective.

He was held under \$1,000 bail for
the May term of court.

Revenue agents charged that Mo-
rosco packed the bottled liquor for
transportation to Los Angeles, after
securing a permit to take 42 barrels of
liquor there. The shipment of bar-
rels was held up also.

Morosco waived examination when
taken before U. S. Commissioner
Goldrick.

YOUTH KILLED TRYING TO ESCAPE FROM COP

By United Press Leased Wire
Chicago.—Simon Shonkman, 18,
was shot and killed Wednesday when
he attempted to escape from the cus-
tody of police officers.

Shonkman was found loitering
around a garage. Policemen caught
him and took him to a patrol box. He
broke away and the patrolman fired.
Two youths are in a hospital nurs-
ing gunshot wounds received in a pis-
tol battle.

Police believed the trio were mem-
bers of a gang of youthful automo-
bile thieves.

ARREST SUSPECT IN WALL STREET BLAST

Seranton, Pa.—Mystery Wednesday
surrounded the holding here of a
young man whose name is withheld,
on suspicion of complicity in the Wall
street explosion, New York.

It was understood the man was be-
ing interrogated by department of
justice agents in regard to his alleged
connection with a gang of Italian
dynamiters.

The man arrested here is being de-
pended upon to furnish valuable in-
formation which will lead to appre-
hension of members of the conspir-
acy including the "brains" of the
gang, as well as the men who manu-
factured the Wall street machine and
the man who drove the bomb wagon
to the corner of Broad and Wall
streets.

H. J. Ahearn of the secret service,
who arrested the suspect here, has
been working on the case seven
months.

UNCLE SAM CAN'T FIND MARKET FOR SEIZED LIQUOR

At Least a Million Quarts of
Liquor With Kick Is
Awaiting Buyers.

By United Press Leased Wire
Washington.—Nearly one million
quarts of imported whiskey, gin and
other liquors—purely certified by the
government, now is hogging for legal
purchasers at one dollar a gallon.
Chief Ashworth of the United States
customs service said here Wednesday.

The whiskey is for sale by the cus-
toms service which seized it from
border rum runners. Before offering
it for sale, the customs service has it
tested and none is offered which is
less than eighty proof which means
that it contains about 40 per cent al-
cohol. This is fully up to the pre-war
liquor standard.

"Customs houses all over the coun-
try are overflowing with this seized
liquor," said Ashworth.

"Unless we find purchasers we
shall have to destroy it. It is accumu-
lating faster than we can store it.
The customs officials are embarrassed
by the quantities in which it is being
seized. It makes the offices a target
for burglars and costs money to guard
it. Some time ago we had a total of
nearly 800,000 quarts. Probably by
now it is beyond the 1,000,000 mark."

"In trying to dispose of the liquor
we circulate hospitals and drug-
gists. But for some unexplained rea-
son, we found few purchasers. We
are anxious to get rid of it."

To buy this liquor it is necessary to
have a permit issued by the federal
prohibition unit. Hospitals, druggists,
manufacturers of hair tonic and oth-
ers who show the need for liquor for
non-beverage purposes, are able to
get permits to buy.

A delegation conferred with the in-
terstate commerce commission Wed-
nesday and urged immediate action
for the reduction of community rates.

High freight rates were held the in-
cubus of agriculture and a decided re-
duction is necessary to bring about a
remedy.

Late in the day the farmers were to
place their troubles before President
Harding.

Selection of farmers to places on the
interstate commerce commission, the
federal reserve board and the ship-
ping board was urged on President
Harding by a delegation of farmers.

SLEUTHS SHADOW SLEUTHS TO WEED OUT WORTHLESS

By United Press Leased Wire
Chicago.—Police Chief Fitzmorris
Wednesday hired detectives to "shad-
ow" policemen in an effort to weed
out the "lazy, bolsheviks and ineffi-
cient."

This follows weeks of murder, rob-
beries and other crimes, making Chi-
cago, according to investigators, the
crime capital of the nation. The shoot-
ing of a policeman by a brother officer
precipitated the action.

HUSBAND FOILS ATTEMPT TO MURDER HIS WIFE

By United Press Leased Wire
St. Paul.—Police were unable Wed-
nesday to solve the mysterious murder
attempt on Mrs. George Fox, 25, by
a man wearing a black hood.

The mysterious man entered her
apartment Tuesday night, choked her
until she fainted, bound and gagged
her and turned on three jets of a gas
stove. Her husband returned home a
few minutes later and found her un-
conscious. A note reading "May—C.
O. C. B." was found on the table.

VOLIVA AND HIS AIDES ARE SWEEPED INTO OFFICE

Zion City, Ill.—Wilbur Glenn Vol-
iva, head of the Church of Zion and
overseer of Zion City, was still mon-
arch of all he surveys Wednesday.

This followed counting of the votes
of Tuesday's election in which the
straight Voliva ticket was swept into
office on a blue law, anti-tobacco, com-
pulsory church attendance, long-
sleeves-for women and anti-swear-
ing platform. The reelection of the
Voliva ticket also probably means
that rival church organizations in
Zion which Voliva has branded "ecce-
siastical goat house," must fold their
tents and go.

STRIKE THREATENED BY WHARF WORKERS

By United Press Leased Wire
New York.—With operators and em-
ployees apparently deadlocked on the
question of a wage cut, the prospect
of a great shipping strike May 1 loomed
Wednesday.

The American Steamship Owners' association announced that a wage
reduction of 20 to 30 per cent will be
put into effect on that date, when the
present agreement expires. Various
branches of the International Sea-
men Union already have officially in-
formed the operators they will not ac-
cept the cut and have presented coun-
ter demands.

Andrew Furuseth, president of the
union, said the other organizations
would take the same stand.

There are about 110,000 marine
workers on both coasts and the Great
Lakes. Seventy thousand of these are
now working.

Indications Are That Senate
Will End Long Controver-
sy Over Canal Site.

By United Press Leased Wire
Washington.—Facing defeat in their
efforts to prevent ratification of the
Colombian treaty, senators opposing it
Wednesday began a vigorous cam-
paign to secure amendments that
would make it unacceptable to Colum-
bia.

Acting for this group of senators,
Senator Poindexter, Washington, of-
fered three amendments.

One proposed to reduce from \$25-
000,000 to \$15,000,000 the sum to be
paid Colombia by the United States.
Another would eliminate the provision
giving Colombia the right to trans-
port free troops, munitions and war-
ships through the canal and over the
Panama railroad and the third pro-
vided that Colombia should be on an
equality with other nations using the
canal as to tolls, charges, etc. but not
of an equality with the United States
under the treaty now provides.

Poindexter, Borah and other anti-
treaty Republicans, claimed to have
considerable democratic support to
these amendments, particularly the
one limiting the privileges granted
Colombia under the pact.

Washington.—The senate is expect-
ed to ratify the Colombian treaty late
Wednesday.

By a vote which, indications are,
will be well over the required two-
thirds, the senate thus will dispose of
a controversy which has been waged
with the South American republic ever
since the department of Panama re-
volved in 1903, and the administration
of Theodore Roosevelt got from Pan-
ama the canal site.

Columbia charged the United States
incited the revolution and then
grabbed the canal site.

The treaty to be approved Wednes-
day pays Colombia \$25,000,000 in an-
nual installments of \$5,000,000, gives
her special rights and privileges in the
Panama canal zone and paves the way
for the recognition of Panamanian in-
dependence by Colombia and for the fix-
ing of the Panama-Colombian bound-
ary.

Free to All Nations
Senators Norris, Nebraska, speaking
against ratification Wednesday, said
the United States by this treaty turns
over virtually free of charge to the
whole world the rights and privileges
of the canal.

"Under the favored nations clause
of all our treaties with other nations,"
said Norris, "we agree that those na-
tions shall have the same rights and
privileges we grant to any nation not
a party to favored nations agreement.
Thus, when in this treaty, we agree to
let Colombia transport its mails, the
products of its soil, its troops and
munitions of war free through the
canal and over the Panama railroad,
we pave the way for a demand from
every other nation for similar privileg-
es. The United States retains only the
sacred privilege of paying the bill for
upkeep of the canal and the railroad."

FOREST FIRES DESTROY FOUR MINNESOTA HOMES

By United Press Leased Wire
St. Paul.—Forest fires have burned
four homes on the edge of Dorset,
Minn., according to the state forestry
department Wednesday. Additional
fires here have been rushed there.

A. E. Finley, state forestry inspec-
tor, who is scouring the north woods
in an airplane, reported that fires in
Hubbard and Cass counties are be-
coming more numerous and there is
great danger of them spreading. The
timber is said to be very dry.

BOY TO FACE TRIAL FOR MURDER MAY 31

Knox, Ind.—Trial of Cecil Burkett,
11, charged with murdering Bonnie
Slavin, 7, a playmate, Wednesday was
set to begin May 31. The trial recent-
ly was postponed on account of the
serious illness of Prosecutor Dilts.

Judge W. E. Pentecost, of the Stark
county circuit court, will preside.

Young Burkett is charged with
shooting his playmate last Thank-
sgiving day following a quarrel.

"TOO HAPPY FOR WORDS"

"We're too happy for words," said Samuel Gompers, president of the American Federation of Labor, when this picture was snapped just after his marriage in New York, to Mrs. Gertrude A. G. Neuscheler, pianist and painter. He is 71 and she is 33.

Matheson Dry Bill Is Engrossed By Senate

Responsibility for Effectiveness
of Law Placed on Anti-
Saloon League.

By United Press Leased Wire
Madison.—Shifting entire responsi-
bility for its effectiveness on the An-
ti-Saloon league of Wisconsin, the
senate Wednesday ordered the en-
grossment of the Matheson prohibi-
tion enforcement bill by a vote of 22
to 11.

The voting came after several
hours debate in which it was charged
by Senator J. Henry Bennett and
Claire B. Bird that the measure was
full of loopholes and not a sincere ef-
fort to make the state bone dry.

Senator Bennett charged the senate
majority had resolved itself into a rub-
ber stamp for R. P. Hutton, state su-
perintendent of the Anti-Saloon
league. He accused the patent medi-
cine interests of the country of con-
trolling the destinies of the Anti-Sa-
loon league because of large contribu-
tions and said every pore of the bill
contained loopholes to permit liquor
in the cellars of the rich but deprived
the poor man of his beer.

Charges Hypocrisy
Senator Bird charged the Anti-Sa-
loon league with hypocrisy and said
the league was influenced by big busi-
ness interests to prevent the passage
of a real enforcement measure which,
he said, could have been provided in
the place of the Matheson bill by the
Anti-Saloon league.

The position of the administration
was stated at the outset by Senator
Henry A. Huber, floor leader, when
he announced he would support the
original Matheson bill with the Cook
amendment and hold the Anti-Saloon
league officers, sponsoring the bill,
entirely responsible for its effective-
ness.

Other dry debaters took the same
position and are believed to reflect
the sentiment of Governor John J.
Blaine relative to the bill.

The senate refused by a vote of 14
to 19 to allow Prohibition Commis-
sioner W. Stanley Smith to explain his
objections to the Matheson bill and
his support of the Morris substitute
amendment which was killed by the
same vote.

The assembly killed the Oliver car-
shed bill which would compel the Wis-
consin railroads to house all car re-
pairing tracks within the state. The
cost to the railroads, opponents of the
measure said, would be approximat-
ely \$14,000,000.

The assembly engrossed the Fow-
ler finger print bill, which provided all
police officers shall take and file finger
prints of persons arrested for crime.

HAYS CALLS MEETING OF POSTOFFICE UNIONS

By United Press Leased Wire
Washington.—Postmaster General
Hays Wednesday announced he had
called a conference of the presidents
and other officers of the seven unions
connected with the postal service. The
conference will meet Thursday to dis-
cuss establishment of a welfare ser-
vice for the postal system.

Hays made it plain that it was part
of his plan to "humanize" the postal
service. The appointment of a wel-
fare director for the department may
be one of the results of the conference.

THIRTEEN PERSONS ARE SAVED FROM BURNING HOME

By United Press Leased Wire
Milwaukee.—One fireman was in-
jured and thirteen persons were re-
scued from a burning building here
early Wednesday. Two families liv-
ing above the Wisconsin Waste and
Wiper company, were trapped in their
rooms by the blaze which is thought
to have started from spontaneous
combustion.

Damage was estimated at \$1,000.

RAILS PRESS DEMANDS FOR LOWER SCALE

Closing Down of Copper Mines
Cut Business on Some
Lines by 35 Per Cent.

CHARGE IMMENSE WASTE

Union Economist Declares Inef-
ficiency Is Responsible
for Big Losses.

By United Press Leased Wire
Chicago.—Close of copper mines in
the southwest reduced railroad busi-
ness in that territory 35 per cent, the
United States railroad labor board was
told Wednesday by A. E. Sweet, vice-
president of the El Paso and South-
western railway.

Sweet was one of the southwestern
railway executives testifying in the
hearing of the application of railways
for wage reductions.

Southwestern railways were unani-
mous in declaring wages in other in-
dustries along their lines and cost of
living had been reduced, Sweet said.

The southeastern railways were ex-
pected to be heard late Wednesday
or Thursday.

W. Jett Lauck, economist for the
railroad unions, in a statement made
public Wednesday, declared the rail-
ways were wasting more than a billion
dollars a year. The statement called
attention to the alleged waste and in-
efficiency in railroad operation.

Worn Out Equipment
Lauck said the railways were using
old, worn out locomotives which cost
thousands of dollars more for coal
than up-to-date engines would. He
claimed there was inefficient manage-
ment in the shop organizations, an
unnecessary large turnover of labor
and huge sums spent in propaganda.

The statement was part of an argu-
ment which Lauck had prepared for
presentation to the railroad labor
board on the question of national
agreements but the issue was decided
before he had an opportunity to make
his argument.

"The railroad employees call atten-
tion to the almost incredible waste
and inefficiency in the present admin-
istration of railways," said the state-
ment.

"The installation of modern locomo-
tives would alone mean a saving of
\$22,000,000 a year. Better methods
of coal purchase would save an addi-
tional \$50,000,000.

Poor Management
"It is conservatively estimated that
proper shop management and instal-
lation of modern equipment would
give a saving of \$17,000,000.

"It is estimated that losses aggregat-
ing \$600,000,000 are attributable
to managerial incompetency of train
operation. It is pointed out that most
railways do not attempt to operate
their trains on the basis of scientific-
ally economical schedules although the
advantages of scientific scheduling has
been demonstrated on certain roads.

"The railroad administration has
been so backward that they have re-
fused to establish scientific laborator-
ies for research for the improvement
of railroad service as has been done
by all progressive industries."

FIND WITNESSES WHO WILL SUPPORT MRS. STILLMAN

By United Press Leased Wire
Montreal, Que.—Overwhelming evi-
dence in support of Mrs. "Fifi" Pot-
ter Stillman, being sued for divorce
by James A. Stillman, was said to
have been collected by two representa-
tives of Mrs. Stillman's counsel who
left here for New York Wednesday
after a two weeks investigation in the
Canadian wilderness.

Norman J. Fitzsimmons, special in-
vestigator for Stanchfield and Levy,
attorneys, refused to make any state-
ment but it is known that Three
Rivers, Grand Pile and several lower
Quebec towns were visited.

The gathering of facts which would
throw more light on the testimony
presented by witnesses for Stillman at
the first referee's hearing was the
main purpose of the trip. It is be-
lieved, with special attention being
given to the character and reputation
of those witnesses.

WILL PROTECT SOUTH IN NEW TARIFF BILL

TURKEY STILL IN CHAOS, MISSIONARY TELLS DELEGATES

Miss Willard Says Turks Want America to Give Them Assistance.

"Turkey is in a state of chaos" said Miss Charlotte Willard, a missionary recently returned from that country who spoke Tuesday evening in the Congregational church on "Our Opportunity in Turkey" before the Wisconsin Branch of the Woman's Missionary Board of the Interior.

"Turkey is a country full of the rich" she said, "and the voices of the rich are heard everywhere. Recently a man scratched the surface of the rocks near Marsovan and found an inexhaustible coal bed, so Marsovan is now heated with coal. Turkey is poor, ragged and diseased, morally and spiritually and it is looking to America for help. They know that if America would take charge she would teach them how to govern themselves and then step out. The leaders know our system of education and like it. They would like to have the fruits of our civilization. We are teaching them that if the fruit is good, the tree is good."

"We have a 30 acre campus in Marsovan which is entirely surrounded by a wall. Inclosed are the men's college, girls' junior college, school for the deaf, theological seminary, industrial school and hospital. Lost 12,000,000 People

"There were 20,000,000 inhabitants before the war and only 8,000,000 to day. These vast numbers were cut off by the mandates on the part of foreign powers."

"There are three main centers in Mohammedanism—the literary center in Cairo, the religious center in Mecca and the political center in Constantinople."

"Conditions were fairly good before the war for Turkey. The 1914 mobilization was a time of great terror and excitement. Shops were stripped and business was demoralized. In 1915 the Armenian deportation started and Turkey was left in a state of chaos."

"Women, children and old men were left behind to be cared for. Refugees from southern Russia flooded the country in 1916 and occupied the homes vacated by the Armenians. Churches were abandoned, schools closed and business demoralized."

No Peace for Turkey
"In 1918 the armistice was signed but peace didn't come to Turkey. The war still is on in that country, the Turks still are being mobilized. Most of the demands of the Turks were granted at the world conference in London but the Greeks refused to accept the terms. The Turks have driven the Greeks back to the point where they were last time and things begin to look brighter."

DANCE
At Gainer's Hall, Mackville Thursday, April 21. Music by Gibson's Harp Orchestra.

PERSONALS

Albert Sifa, who had been at St. Elizabeth hospital for several weeks, where he submitted to an operation, returned home Monday accompanied by his Khoury.

Ferdinand Tauscheck and Anton Shinkov of Iron Mountain, Mich., spent the weekend visiting at the home of T. J. Strehel, 1020 Franklin-st., while en route home from a convention of the Brotherhood of American Yeomen in Detroit.

Mr. and Mrs. C. S. Little, who have been visiting relatives at Fond du Lac for several days, remained over until Tuesday to attend the funeral of Irving Little, a nephew of Mr. Little, who died shortly after his arrival in that city. The decedent resided a short distance from Fond du Lac and practically all communication between his home and the city was cut off by the heavy snow storm Saturday.

Mr. and Mrs. J. L. Laund of Shiocton, were visitors here Tuesday. W. F. Faulkes, state supervisor of vocational education of Madison, was in the city Wednesday inspecting the vocational school.

Mrs. Robert Hench has returned from a several days' visit with relatives at Leaf River, Ill. J. W. Haverley of Oshkosh was in Appleton on business Tuesday.

H. W. Hatton and P. E. Freeman of New London were Appleton visitors Tuesday.

Henry Heinritz, Atlantic-st., has leased a residence on Winnebago-st. and expects to occupy it the latter part of the week.

A new plate glass window was placed in the store of Hughes Clothing Co. Tuesday to replace one that was broken.

Dr. Samuel Plants has returned to the city after spending a week in New York city.

Roland Stommel of St. John, visited friends here Tuesday. Fred F. Wettersel has returned from a business trip to Chicago. While there he visited the western toy fair at which the Toy Company of America has a large exhibit in charge of C. L. Wiggin.

The Rev. A. J. Quella of Lanark, who was visiting relatives in Appleton Tuesday, left Wednesday morning for Sherwood.

English club of Lawrence college will entertain friends at an open meeting Friday.

DON'T USE ONEIDA ST. FOR CAR PARK

Chief of Police Threatens Arrest for Violations of Parking Rules.

Autoists are cautioned by George T. Prim, chief of police, against parking their automobiles in the Oneida-st. block between Washington and Franklin-sts., while attending evening performances. "Almost every evening cars are parked here in violation of the parking rules which are plainly indicated on red traffic signs. Drivers who violate this rule will be notified through summons tags which

will be issued through summons tags which

WOLTER FINDS CUBA LAND OF EXTREMES

Appleton Man Returns From Florida and Cuba, Where He Spent Winter.

"Cuba is a land of extremes in the way of wealth and poverty," said B. C. Wolter, who with Mrs. Wolter returned from a six weeks' southern trip Tuesday. "The wealth is confined to the cities and poverty to rural districts," he said.

Mr. Wolter spent three days on the island. He stopped at one of the leading hotels in Havana and said that it was hard for him to believe that he

was not in Spain as everything about the city and country was foreign.

The people in Havana do not get out on parade until 3 o'clock in the afternoon. Until that time the streets are deserted. From 3:30 until late in the evening the principal thoroughfares are alive with a gay throng beaded with jewels and bright colors. Music adds a charm to the scene.

In the rural districts the utmost poverty prevails and the people are standing behind those of this country. Oxen with immense horns, attached to carts with wheels ten feet in diameter is about the only mode of transportation. On Sunday entire families may be seen clinging to these carts while taking their weekly drive.

All the agricultural implements are the same as those used in ancient times. Vegetables and fruits are the principal products. The poorer quarters in the cities are dirty and unsanitary. Pigs and chickens are marketed alive and roam about the shops.

Most of the wealth is confined to sugar and tobacco growers. There is still lots of sugar on the island and Mr. Wolter saw thousands of bags being loaded on boats. Automobiles in Havana are about as numerous as in Appleton. Tourists from the states were returning home and all the

CAMPBELL LECTURE IS LIKE A TRIP TO EUROPE

A large number of Appleton people, mostly Elk members, their ladies and friends, will spend Wednesday evening in Europe on a sightseeing tour of the devastated areas. They will be conducted on this tour by the Rev. Father Campbell, Cedar Rapids, Iowa, who delivers a travel talk at 8 o'clock in Elk hall, accompanied by stereopticon slides from photographs taken by the speaker himself before and after the war.

This first venture of the entertainment committee is expected to draw a large attendance. The regular business meeting of the lodge will be held at 7:15 and will be finished before the lecture starts.

large hotels were planning to close until next season.

Mr. and Mrs. Wolter spent practically all of their time at the various winter resorts in Florida, which are also being deserted. When they left Palm Beach the temperature was close to 100. They came home by way of Chattanooga, where they spent several days in a tour of the battlefields.

Silk Tricotee in all the new shades. Just the right weight for blouses, sweaters and dresses. 36 inches wide, special value at The Fair. adv.

STEREOPTICON LECTURE AT RELIGIOUS SCHOOL

E. A. Finn, field representative for the Madison and Milwaukee Presbyteries, will give a stereopticon lecture of "Week Day Religious Education" at 8:30 Monday evening before the Community Training school in the old chapel of Main hall.

Monday evening will be visiting day for the Congregational and First Methodist churches. The lectures will be open to any one who is interested. Interest is growing in the work every week and the attendance is steadily increasing.

Edward Quella of Sherwood, was in Appleton Tuesday visiting friends.

DECORATED FLOATS IN MAY FESTIVAL PARADE

May 26 will be a gala day at Lawrence college. There will be something doing from early morning until late in the evening. One of the features of the May day festivities is to be a parade which will be composed of floats and decorated cars led by the Brookman band. Every student fortun-

ate enough to possess a car is to decorate it and join the procession. Among the organizations which will enter floats are the Chemist club, Adelpheis society, Speech Art club, Tau Tau Kappa fraternity, Y. M. C. A., Y. W. C. A., Suffrage club, History club, Lawrentian staff, Social Science club, English club, Loyalty legion and Conservatory of Music.

Flower girls will be on the street all day distributing flowers. Members of all the various organizations will be in the gigantic parade.

Why Fido Wags His Tail?

TO advertise! It is his mode of telling the world of that particular mental state known as happiness.

When the baby laughs, when the sun shines, when the flowers bloom, when dinner sends out its inviting aroma—when any one of a thousand other things happen which attract your attention—you are being advertised to.

The whole purpose of any advertisement is to excite your curiosity, gain your interest, arouse your desire; to tell you something you don't know; to remind you of something you have forgotten; to convince you of something over which you have been hesitating; to help you get the best at least cost.

In short, the purpose of an advertisement is, in one way or another, to make you happier. Think it over. Read the advertisements in this paper and see if that isn't so.

APPLETON AUTO IS DAMAGED IN OSHKOSH

An automobile owned by Charles F. Maas of this city was struck by a street car about 3:45 Sunday afternoon in Oshkosh. The rear wheels were crushed. Mrs. Louis Kaufman, of Oshkosh, who was an occupant of the car received injuries to her chest. Mr. Kaufman, Mrs. Maas and daughter Dora were also in the car but escaped with minor bruises.

The party had started out for a ride about the city. Mr. Maas had backed the car out upon the street at 261 New York ave., and did not notice the approaching street car which struck the machine at the rear.

EXPECT 2,000 AT SAENGERFEST HERE

Special Mixed Choir Concert Will Be Presented Here Early Next Month.

Arrangements for the saengerfest to be held in Appleton Saturday and Sunday, July 16 and 17, are progressing under the direction of local and district officers. Societies of the district are diligently rehearsing fest songs and will attend the saengerfest in large numbers.

While not a member of the district, the Frothing Singing society of LaCrosse made inquiry this week regarding the fest and it is not unlikely that it will decide to participate. District officers are contemplating the issue of a fest magazine in two numbers and Joseph M. Theisen of Sheboygan, district secretary, is now soliciting advertisements among local merchants.

Appleton Maennerchor, which will have charge of the saengerfest, has organized a mixed choir which will make its first appearance at a concert to be held for the benefit of the fest at Pagle hall Sunday, May 8.

With the addition of this organization the district now has three mixed choirs, the other two being the Fidelia Singing society of Green Bay and Concordia of Sheboygan. It is possible that a special number will be arranged by Peter Jacobs, fest director, for the mixed mass choir as a special attraction.

The saengerfest will include the societies of the east Wisconsin district and will be attended on Sunday, the closing day, by 2,000 visitors. The program will be carried out at Pierce's park.

The local fest officers are: President, William Eggert; secretary, Leo H. Reuhls; treasurer, C. H. Hueseman; director, Peter Jacobs.

District officers: President, O. W. Schaefer, Appleton; vice president, Joseph Behrens, Sheboygan; secretary, Simon Grasser, fest secretary, Joseph M. Theisen, Sheboygan.

BARTZ GETS CONTRACT FOR WATER MAIN TRENCHES

Frank Bartz was awarded the contract for excavating main trenches on Forest ave., Ryan st., Parker st., Summer st. and Loraine st. by the water commission at the semi-monthly meeting in the city hall. A proposal by the Sylvester and Nielson company to furnish filing cabinets for the department was accepted.

Approximately 46,400,000 gallons of water were treated during the month of March, according to a report of the filtration department. The electric motors pumped 23,490,000 gallons while the oil engines pumped 20,940,000 gallons. Wash water used during the month amounted to 2,050,000 gallons.

During the month the bacterial efficiency of the plant was 99.39 per cent. A saving of \$188 over a similar period last year was made by the department by a new alum process.

VETERAN NETBALLERS TO PLAY FOND DU LAC TEAM

The battle of the old-timers will be fought in the F. M. C. A. gymnasium here soon, probably next week, when a team of 60-year old volley-ball players from the local association, play a team of 50-year old veterans from Fond du Lac. Details for the match now are being arranged.

The challenge was issued by the Fond du Lac association which said it had a team of players, none of them less than 50 years old, willing to play a team of similar age in Appleton. Local officers, however, went them one better by organizing a squad of six men, none of whom is less than 60.

AIRPLANE LANDS HERE TO GET MORE GASOLINE

The airplane advertising the Elks state convention at Eau Claire which circled over Appleton Monday and which was occupied by Lieut. Hallgren and G. W. VanVuren made a perfect landing in a field on Maple Grove st., owned by John Wittman. The occupants ordered a taxi and after getting a supply of gasoline resumed their journey southward. The report that the airplane was wrecked and its occupants injured was without foundation.

Mr. and Mrs. Frank Engel have returned from a visit of several days in Chicago and Milwaukee.

Your friends use it—you don't know it.

JANSEN IS WINNER IN PRIZE SHOOT

Kaukauna Gun Club Holds Largely Attended Tournament Sunday.

Joseph Jansen won first place in the prize shoot of the Kaukauna Gun club at the Kaukauna shooting grounds Sunday. There were 16 entries, with C. W. Stribley and W. E. Meusel tied for second place, and W. Harwood, R. Bodley and W. Falatic tied for third.

W. E. Meusel and J. Dietzler took high places in the doubles, hitting 17 and 18 out of 24 targets, respectively. Scores in the prize shoot were: Joseph Jansen, 24 out of 25 birds; C. W. Stribley, 23; W. E. Meusel, 23; W. Harwood, 22; R. Bodley, 22; W. Falatic, 22; Mr. Fassbinder, 21; T. Ellsworth, 21; Joseph Hendricks, 20; F. Verbrugg, 20; J. Miller, 18; W. VanLieshout, 18; R. Mills, 17; W. Ruckhoff, 17; L. Wolf, 9.

Shooting at 12 pairs of birds in the doubles, the scores were: W. Meusel, 17; J. Dietzler, 18; R. Mills, 13; W. Falatic, 13; J. Jansen, 15; C. W. Stribley, 12; J. Miller, 12; J. Way, 19, and A. Knox, 9.

Other high scores in the tournament were:

	Shot at	Hit
Frank Verbrugg	75	60
Joseph Jansen	150	119
C. W. Stribley	200	174
T. Ellsworth	150	119

STOP ITCHING SKIN

Zemo the Clean, Antiseptic Liquid, Gives Prompt Relief

There is one safe, dependable treatment that relieves itching torture and that cleanses and soothes the skin. Ask any druggist for a 35c or \$1 bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

The E. W. Rose Co., Cleveland, O.

BADGER CITIES ARE ON NEW AUTO TRAIL

Oak Dale Trail to Minneapolis Includes Points in Southern Wisconsin.

Several southern Wisconsin cities are included on a new automobile trail from Chicago to Minneapolis and St. Paul, called the Oak Dale trail. A map showing the route has been received by the chamber of commerce. The Oak Dale trail starts at Chicago and passes through lake shore cities of Kenosha and Racine on its way to Milwaukee. Instead of coming north through the Fox River valley as the Yellowstone trail does the route turns directly west and goes through Wauwatosa, Watertown, Sun Prairie, Madison, Oconomowoc, Dodgeville, and Prairie du Chien, passing from there to Minnesota and taking a northwesterly course toward the Twin Cities.

Extensive advertising is being done to induce tourists to take this route in preference to the northern trails, but it is believed that this will have little effect on the heavy tourist traffic passing through Appleton each year. The Yellowstone trail starts at the Atlantic coast and will bring all eastern traffic over its route as well as much of that which starts from Chicago.

There was talk of diverting the Yellowstone trail through Iowa and omitting Wisconsin, but this plan was abandoned when proper support was promised by Badger cities. The Oak Dale route recalls this intention, although it is partially in Wisconsin.

The annual consumption of mushrooms in the United States is 9,000,000 pounds, most of which is imported.

DANCE AT FIVE CORNERS, STARK'S HALL, APRIL 25. MUSIC BY MILLS ORCHESTRA.

STATE IS OVERRUN BY TRAVELING MEN

Business Is Better in Wisconsin Than in Almost Any Other State.

"I never saw so many traveling men on the road even when times were good," said Charles H. Emden, manager of the Sherman house, Tuesday. "None of them claim to be doing much business," he said, "but they are all after whatever there is and are keeping in touch with their patrons." The salesman of a well known shoe firm explained the situation while calling on a local customer Tuesday. He said Wisconsin was affected the least of any state in the union by the business depression and more goods were sold here than in any other part of the country.

Because of the fertility of the field many wholesale houses of the country have thrown additional traveling men in the state to get their share of the business. The condition of the market is so uncertain, however, that merchants are only buying from "hand to mouth."

Builds New Home

Among the new houses near Appleton Junction is one on Outagamie st. that is being built by Thomas Landry. The structure is already inclosed and will be completed before the middle of summer. Mr. Landry is doing most of the work himself.

CENTER TO HAVE GOOD HIGHWAYS

John Schwemmer, chairman of the town of Center, has a plan of organization for road work this year by which he expects to make the highways of his town among the best kept in the country. The road patrolman hired by the county will be relieved of the burden of trying to keep all roads of the township in continuous good condition through the appointment of about ten sub-patrolmen.

These assistants will be chosen from various parts of the township and will be subject to call whenever needed to haul gravel or crushed stone to low places. The moment any section of the roads become bad the patrolman may call on his helpers to work with him until it is placed in first class shape again.

A stone crusher located in the township is to be started soon to supply a large amount of filling material.

Attend Conference The Rev. H. J. Droegkamp, pastor of Emanuel Evangelical church, and the Rev. C. F. Rabehl, district superintendent, will go to Milwaukee Thursday to attend the district Evangelical conference. Meetings will be held in Zion Evangelical church until the following Tuesday.

MY FIRST JOB

W. N. KIMBALL, American Express Agent More than 25 years ago lower College ave. and Washington st. were paved with cedar blocks. My first job was in connection with the paving of those streets. I was hired as water carrier for grading crew at a wage of 25 cents a day. That was during my summer vacation. My hours of work were from 7 o'clock in the morning until 6 o'clock at night.

Later in the summer I was given a job making stakes for the bed laying crew, and for that work I received 50 cents a day.

Claire Brill returned to Madison Tuesday after a week's vacation with his parents, Mr. and Mrs. John Brill.

The Brevort's location, close to the wholesale, financial and insurance districts, is especially advantageous to all who have to do with business.

The Piece Goods Department Comes Forward With A Host of Bargains in **NEW SILKS AND WOOLENS** For Thursday and Friday

Several new shipments of silk were just unpacked this morning and you will readily see from the items mentioned herein, why we feel that these specials will meet with the approval of every woman. Our leaders this week in woolens are much lower than here-to-for mentioned and you will do well to see them early tomorrow.

Silk Jersey Cloth—This beautiful material is very much like tricotee, but comes 36 inches wide and at a much lower price. This material will go on sale promptly at 8:30 tomorrow morning. Colors are, navy, white, rose, adriatic, porcelain, pink, tomato, radio, honey dew, seal and black. Priced at **\$1.85**

40 Inch Charmeuse—This is a handsome satin finished cloth with a strongly twilled back that seems to lend just the properties that insure the best wear for your investment. You will recognize this cloth as one that has been selling at \$3.50 to \$4.00 per yard. Colors are navy, brown, black. Priced at **\$2.69**

40 Inch Printed Voile—Warm days make one think of wash dresses, and we are showing a dandy lot of dark double thread voiles this week that will surprise you at the apparent value at the price we are asking. Brown, taupe, copen, navy, etc. Priced at **79c**

40 Inch Printed Voile—Warm days make one think of wash dresses, and we are showing a dandy lot of dark double thread voiles this week that will surprise you at the apparent value at the price we are asking. Brown, taupe, copen, navy, etc. Priced at **79c**

Velvet Plaid—These plaids in dark and medium shades have been one of the most popular cloths on the market and we offer them at a price much below what you could expect. 54 inches wide and you may have combinations in brown, navy, copen, taupe, etc. now priced at **\$4.25**

Plaid French Serge—After all what is nicer than French serge, and these light colored plaids are certainly beautiful and just at a time when you will want a plaid skirt. We are unable to robby these patterns and we will close out the entire lot now at **\$1.98**

Pure Wool Jersey—Here is a fine quality Laporte Mills Wool Jersey that is warranted absolutely pure thread wool and is noted for its excellent texture. Comes 54 inches wide and sold a few months ago for \$5.00. Today's price **\$2.49**

Smartness and Serviceability are Fashioned in These New **Spring and Summer Blouses**

Tricotee Overblouses These blouses come in youthful styles with set in sleeves, button trimmed yoke. Trimming on sleeves and front waist of knife plaiting of same material. These are very new and come in the spring shades of tomato, rattan, Hindu, green, rust, Harding blue, honey dew, sunset and navy. **\$6 to \$4. \$6.25**

Georgette and Pongee In this special assortment you will find a fine lot of new georgettes, but one style is made in pongee, in an overblouse. It has short sleeves and small flat collar. Tie-back style and a very good serviceable waist. The georgette crepe models have real flat lace trimmed collars and cuffs. Short sleeves, buttons of same shade in pearl. These are unusually pretty as suit blouses, and are made of a very fine quality georgette. Sizes 36 to 46. Exceptional value **\$5.75**

Elsie Dinsmore Dresses For the Junior Girls Call them "flappers" if you want to, but for the young miss who is not quite old enough for Misses styles and just a little to old for girls styles, **ELSIE DINSMORE** just fills the bill. Some have pique collars and cuffs, others come in organdie trim. Large sashes are shown on most of these girlish dresses. One style has 3 ruffles on the side, long V shaped collar, vestee and black patent leather belt. Colors, plaids in tan, blue, pink and green; checks in pink, blue and green and plain colors. Sizes 12½, 14½, 16½—**\$1.95, \$3.25, \$2.75, \$4.50, \$5.75.**

Gingham Dresses for the school girl. Pleated skirt, pocket and collar and cuffs are pique trimmed. Four pearl buttons on either side of the front on the waist and pockets. Sash of plaid gingham and organdie. Colors blue, gold, tan and white, gold and co. **\$2.85**

Elsie Dinsmore Dresses made of washable chambray, 4 inch hem in skirt. A touch of hand embroidery on waist, short sleeves, small round collar. Colors, copen, pink. Embroidered in black and gold. **\$2.65**

Little Tots' Dresses With Bloomers to Match Mothers this summer will dress their little tots in dresses with bloomers to match. We show the "Little Sister" Dresses in gingham in cute styles with bloomers to match. Colors pink and blue plaids, solid shades in blue and pink, 2 to 6 years—**\$1.65, \$1.95, \$2.25.** Children's Play Suits—Made of extra heavy romper cloth in dark blue, collars, belts and cuffs trimmed in bright red. **\$1.39** 3 to 8 years (Second Floor)

Let Us Call Your Attention to a New Shipment of Silk Kimonos Just unpacked this week, made of wash silk and linen, satin and crepe. Some have elastic waists, others have fancy sleeves with shirred back and ribbon belt in front. One style in particular is very good, in a "break-fast coat" style with collar, short sleeves and sash, navy, rose, pink, copen, wisteria, purple, gray, green and peacock. **\$6.75, \$8.95, \$9.75, \$13.95**

Extra Size Aprons Made in gingham and percale in plaids, checks, striped. The gingham ones have ric-rac trimmed square yokes. Belted and sash models. The percales come in about the same styles, with square neck, ric-rac trim, with sash and belted styles. These come in "Extra size" and you can be fitted even if you wear a 50 size. **\$1.50, \$1.85, \$2.19, \$2.35**

Plan Junior Prom—For the first time in several years, Appleton is to have a junior prom. The event will be held Saturday evening, April 30 in the armory. Music will be furnished by Ragadore's orchestra of Port Atkinson. Personal invitations will not be sent out because it is understood that the juniors and seniors of the high school, graduates and former students of the school will be welcomed. Juniors are especially anxious to have as many alumni as possible present at the party.

Community Dancing Party—Plans have been completed for the next community dancing party to be given Friday evening in Eagle hall under the auspices of the recreation department of the Appleton Womans club. La Salle's entertainers will furnish the music. Mr. and Mrs. Thomas Long, Mr. and Mrs. Arthur Durdell, Mr. and Mrs. Charles Abbey, Mr. and Mrs. Sinae Krueger and Mr. and Mrs. Edward Krause will chaperone the party.

Birthday Party—Miss Eva Alberts, Oklahoma-ave., was pleasantly surprised Monday evening by a number of school friends in honor of her tenth birthday anniversary. Games were played and refreshments were served. The guests were the Misses Myrtle Uruch, Ethel Merkle, Lillian Parson, Lydia Radke, Virginia Duval, Doris Attenhofen, Doris Loessel, Elizabeth Radke, Amelia Marks, Patricia Foster, Virginia Marks and Vera Van Heuklon.

For Bride-to-be—Twenty-five friends of Miss Elsie Geiger, whose marriage is to take place in the near future, surprised her with a linen shower at the home of Mrs. William Becher, 800 Madison-st., Tuesday evening. Guests were entertained with games and cards at bridge and were won by Miss Geiger, Mrs. Ferdinand Haberman, Miss Jane Treiber, Mrs. C. Jacobs and Miss Mary Jacobs. Dinner was served at midnight.

Glenola Club Plans Party—Arthur Hartung, Center-st., entertained the members of the Glenola club Tuesday evening. Further preparations were made for the semi-annual dancing party to be given May 13 in Elk hall. LaSalle orchestra was engaged. The event is to be a program affair with the attendance limited to a number to accommodate the size of the hall.

Zona Gale Program—Athena club of Lawrence college presented a Zona Gale program Saturday evening in the Athena room in Carnegie library. Sketches from "Friendship" were read by Miss Ruth Swanson and Miss Margaret Newing. Miss Lolo Prink played a violin solo and Miss Dorcas Jacka sang several selections.

Dance on Birthday—Miss Margaret Rose whose birthday this year brings three successive twenty-ones in, 21 years old, April 21, 1921, will be the hostess at a private dancing party in Odd Fellow hall Thursday night. Invitations have been issued to 21 couples. Mr. and Mrs. E. A. Walthers will chaperone the party.

Marriage Licenses—Applications for marriage licenses were made Tuesday at the office of the county clerk by Joseph Roden and Doris Greely, both of Maine. Peter Wachtendonck of Kimberly and Clementina Merk of Kaukauna; Sherman Wheelock and Jennie Cornelius, both of Oneida.

Picnic Lunch—A picnic lunch will be served after the regular meeting of Deborah Rebekah lodge Wednesday evening in Odd Fellow hall. Plans will be made for the stunts which the local lodge will put on Friday evening before the Betty lodge at Menasha.

Marriage Licenses—Applications for marriage licenses were made at the office of the county clerk Tuesday by Allan B. Ellis and Mildred E. Pynn, both of Appleton; Henry W. Vanaster of Little Chute, and Katherine Vorhagen of Kaukauna; Lionel R. Kuhn and Velda Hunsicker both of Hortonville.

Five Hundred Club—Mrs. Harm Rademacher and Mrs. Uno Werner won the prizes Tuesday evening at the Five Hundred club. Plans were made for entertaining husbands at a dinner Sunday evening at the home of Mr. and Mrs. Lawrence Koss, Second-ave.

Meet at Noon—Fifteen members of the Equitable Fraternal Union will attend a meeting at the home office at Noon Wednesday evening at which a class of 25 candidates will be initiated. Judge

Karol of Milwaukee will be the principal speaker.

Biology Club

The Biology club of Lawrence college met Tuesday evening in Science hall. Miss Beth Morse read a paper on "The Proofs and Methods of Evolution." "The Father of Comparative Anatomy" was discussed by Mark Anderson.

Auxiliary Card Party

Eight tables were in play Tuesday afternoon at the card party given by the Ladies Auxiliary to the Catholic Order of Foresters. Honors went to Mrs. Josephine Ryan at bridge and Mrs. Plow at schafkopf.

West End Reading Club

Mrs. Peter Thom, 558 College-ave., entertained the West End Reading club Wednesday afternoon in the place of Mrs. O. P. Fairfield who was to have been the hostess.

Win Card Prizes

Mrs. Williamson and Mrs. Herman Eggert won honors Tuesday afternoon at the Women of the Mooseheart Legion Tuesday Afternoon Card club. Three tables were in play. Lunch was served after cards.

Beaver Card Party

The third of a series of card and dice parties which the Beavers are giving will be held after the regular meeting at 8 o'clock Thursday evening in South Masonic hall.

Entertain Kaukauna Knights

The Knights of Columbus will entertain the Kaukauna Knights of Columbus and their ladies at cards and a social Thursday evening. Lunch will be served.

W. C. T. U. Meeting

A regular business meeting of the Womans Christian Temperance Union will be held at 2:30 Thursday afternoon at the home of Mrs. S. E. Keyes, 728 Durkee-st.

Tuesday Bridge Club

Mrs. L. Ness, Richmond-st., entertained the Tuesday Bridge club Tuesday night at her home. Prizes were won by Mrs. Jack Fries and Mrs. Charles Foss.

Fraternity Banquet

Tau Tau Kappa fraternity will have a banquet from 2 to 4 o'clock Saturday afternoon in the Sherman house in honor of new members and seniors.

Over the Tea Cups Club

Mrs. Margaret Killen, 722 Harris-st., will entertain the Over the Tea Cups club Friday afternoon.

Attorney F. S. Bradford is in New York City on business.

Confessions of a Bride

(Copyright 1920)

THE BOOK OF MARTHA

Martha's Husband Lost Her Friend—ship the Minute He Clutched Her Neck

"After my first visit to Marion Sprague I put in some bad hours. That night I told my husband what I had discovered and that I had been to see the girl." Here Martha paused and the tears came to her eyes. "You know how silly I've always been about Ewart? So madly in love with him? You don't know—you couldn't know—that before we were married and for a long time afterward, my husband called me 'Martha Mia' I loved it. He headed his love letters so, 'Martha Mia' was his pet name for me. Well, that girl signed her letters 'Mona Marion' He had varied my dear pet name and handed it to her!"

"Impossible!" I exclaimed. "The old! To twist his wife's pretty diminutive to fit his cheap little—Martha put her hand to my lips. I quieted down and asked, 'How could he?'"

"Perhaps he wasn't clever enough to invent another name for another love," said Martha. "Perhaps he thought that what had charmed me so completely couldn't fail to charm another."

"He's a brute! And I'd rejoice to tell him so," I raged.

"I implied something of the kind," Martha continued. Her quiet was a strange contrast to my wrath. "And what do you think happened?"

"He swore?"

"He choked me! Choked me because I had found him out, not because he was sorry! He raged, four ago I discovered that he never loses his temper when falsely accused. But when he is found out, he raves. Well, when he bruised my face and my throat in his hands, I realized that he had a good deal to conceal, that the worst I had imagined wasn't half as bad as the truth about him and his red-headed Marion."

"Martha Palmer, how calm you are!"

"I never winced when he choked me. So why should I get excited now? Little cared I if he choked me to

death. My feelings were not hurt in the least. For it was not I who should feel humiliated. It was he! I wasn't even angry!"

"In the moment when he clutched my neck, my husband lost something that he had pretended to want, something I had managed to preserve in spite of his disloyalty and injustice. He lost my friendship, my wish to help him to be his best self—something more important, perhaps than love."

"I wonder if a man's brutality always affects a woman so?"

"I think so. Like me, no woman cares much about a beating for she is set free forever from a tyrant, and by the hand that hurts her."

"Of course, Ewart reduced me to silence—which was all he wanted. I don't talk any more, but he can't keep my brain from estimating him. By force, he did acquire one right, the right to spend his time with any silly female. He may go with whom he chooses, when he chooses, where he chooses, and stay as long as he chooses. I will not talk about it. That is all he wants."

"Do you mean to say, Martha, that you never weep about him any more?"

"No. He is the one to weep. He is the loser."

Thankful He Was Not A Woman

The late Lawson Tait, of England, the great woman's doctor, said he never went to bed at night without thanking heaven he was not born a woman. No doctor ever knew better than he what women have to suffer at some times of their lives. It was as an American woman, long since passed to her reward, who introduced a combination of roots and herbs called Lydia E. Pinkham's Vegetable Compound, that has proved wonderfully successful in mitigating suffering and relieving diseases of women. It has brought relief to thousands of women who suffered from female ills.

Chicago foot-expert now in our store

We've secured for a limited time, the services of a Chicago Practitioner—a foot expert—trained in Dr. Wm. Scholl's method of foot relief. We've arranged to have him examine your feet free of charge and tell you which one of Dr. Scholl's Foot Comfort appliances you need for absolute foot comfort.

Find out about the foot pains that have been bothering you! Don't let them run on until they become serious—dangerous to your health! Come in for a free demonstration.

Dr. Scholl's

Adventures of the Twins

Olive Roberts Barton

"Flippety-Flap Does a Favor."

By Olive Roberts Barton.

Mr. and Mrs. Lion and Lumpy and Lula stared in astonishment when Flippety-Flap shuffled his way into their cave, followed bravely by Nancy and Nick. Lumpy was so astonished that he almost forgot his toothache.

"May I be of service?" asked the fairman politely.

"Service?" roared Mr. Lion. "Why you aren't big enough to make a satisfactory bite, and that's the only service I can think of that you might do us. I'm longing for a piece of good old circus beefsteak. And your not a beef, are you? Nor you; nor you?" shaking his mane at the Twins.

Before Flippety-Flap had time to answer, Lumpy began to scream again. "My tooth! Oh, my tooth!" And he opened his mouth like a yawning cave.

Flippety-Flap opened a little flap in

one of his Magic Shoes and took out a small brown bottle. Then opening the other shoe, he took out a piece of white cotton.

"Pardon me," said he to Lumpy, "but I shall have to get inside your mouth if I am to stop the aching. Will you kindly hold it open."

"No, siree!" declared Mr. Lion promptly, stepping in between. "Nothing of the kind! How do we know that you are not poison, and if our son should accidentally swallow you, he'd die."

"Help, oh help!" cried Lumpy hopping around on a hind foot. "I am dying right now."

Mrs. Lion laid a paw on her husband's mane. "Leo," said she, "you'd better let him. Otherwise I see no sleep for us."

"All right!" agreed Leo grudgingly. The Twins and Flippety-Flap jumped into Lumpy's mouth at once.

STATE SENATE IS SET FOR BATTLE OVER "DRY" BILL

Anti-Saloon League Confident of Passage of Matheson's Measure.

(Special to Post-Crescent)
Madison, Wis.—The senate will "go to the mat" Wednesday on the prohibition enforcement bill.
The Matheson bill, known as the Anti-Saloon League's "bone dry" bill, No. 16 A, which passed the assembly a month ago after several weeks of consideration and maneuvering, and to which a substitute amendment was attached by the senate committee on state affairs, is the big measure on the legislative calendar for the week. It has been made a special order of business in the upper house for Wednesday morning at 10:30.
The dry forces, headed by State Superintendent Hutton of the Anti-Saloon league are insisting that the Matheson bill as passed by the assembly must and will pass the senate with but one amendment, that agreed to by Assemblyman Matheson, eliminating the power granted to district attorneys and prohibition enforcement officials to question anyone under oath who is believed to have knowledge of violation of the prohibition laws. The drys claim to have eighteen votes out of the thirty-three in the senate.

On the other hand a desperate effort will be made not only by the out-and-out wets, but by many who are in favor of the enforcement of the eighteenth amendment to amend the bill in various particulars. Prohibition Commissioner M. Stanley Smith called the attention of the state affairs committee to twenty-five flaws in the Matheson bill and demanded that many changes. W. H. Austin, lobbyist for the Wisconsin Retail Liquor Dealers' Association and Ralph W. Jackson, representing the Wisconsin Brewers' Association, point out that although Hutton had claimed the Matheson bill was drafted to make the Wisconsin law conform to that of the Volstead act, a word or two left out here, the punctuation changed there and a few words added, had so changed the meaning of the act as to defeat the purpose claimed.
Following the hearing on the Matheson bill before the State Affairs committee, when dozens of changes were suggested or demanded, Senator Oscar H. Morris, Milwaukee, offered the substitute amendment which was finally agreed to by the committee with Chairman Roethe alone dissenting. The substitute makes the changes demanded by the Prohibition Enforcement Commissioner, and also those suggested by Austin and Jackson.

ASKS ASSEMBLY TO CENSURE MILWAUKEE

Anti-Saloon League Fights Cheap Prescriptions for Beer for "Medicine."

By United Press Leased Wire
Madison—Condemnation of the common council of Milwaukee for refusing to permit the electric sign on the city hall to officially welcome General John J. Pershing, April 25, was withheld by the Wisconsin assembly Tuesday pending further investigation. A joint resolution was introduced by Assemblyman Martin M. Higgins of Milwaukee "that this legislature condemn the action of those members of the Milwaukee common council who voted against the said resolution."
The Meisinger bill limiting the charges doctors may make for liquor prescriptions to \$1 was referred to the committee on state affairs for consideration Tuesday. The bill will meet objections from the dry interests in the legislature who said liquor is too easy to procure now and any attempt to remove restrictions by making prescriptions cheaper would be an encouragement to the liquor interests.
The assembly moved reconsideration of the state board of health bill relative to communicable diseases in order to kill the Bartingale amendment which placed social diseases on the list of those to be placarded.
The Summerville bill giving the counties the option of supplanting boards of supervisors with a commission form of government was killed in the senate.

The Severson bill removing the secrecy clause from the income tax law was laid over until April 27 at the request of the author.

Leo Van Roy post Tuesday evening, May 2. Music will be furnished by Horst's Imperial orchestra of Chilton. Mr. and Mrs. David Bretschneider of Appleton were here Sunday.

BIG CROWD ATTENDS LEGION MINSTRELS

"Hoop-La" Gives Great Satisfaction in Kaukauna Auditorium.

Kaukauna.—More than 600 people attended the first presentation of the minstrel show "Hoop-La" given by the Kaukauna post of the American legion Tuesday evening at the auditorium.
The entertainment pleased the audience and there was not a person in the house who did not enjoy a hearty laugh. The ragtime wedding proved a scream, but the continuous and hearty applause of the people failed to bring the "newlyweds" back on the stage.
Two special features of the program were a song by Mrs. William Paschen and whistling solos by Miss Edna Ruff. Both features were heartily received.

Busy Bee Class
Miss Marion Newton will entertain the Busy Bee class of the Reformed church Sunday school Thursday evening at her home in Combined Locks. A business meeting will be held and refreshments will be served.

Entertains Card Club
Mrs. Hugo Weissenbach will entertain a card club Thursday afternoon at her home. Prizes will be awarded. Refreshments will be served.

Discuss Voting Methods
The Kaukauna Women's club met Tuesday night at the home of Mrs. R. N. Paschen. A discussion of the methods of voting was held with W. P. Hagman as leader. Refreshments were served.

Aid Society Social
The Ladies Aid society of Congregation church held a successful ice cream social Tuesday afternoon and evening at Neisen's restaurant.

Kaukauna Personals
Bertram Meyer returned Tuesday to Madison, after spending a few days with his parents.

Mr. and Mrs. H. W. Hodgins and family of Marinette spent the weekend at the home of Mr. and Mrs. W. P. Hagman.

Mr. and Mrs. J. C. Kimberly of Neenah, attended a supper at the tea shop Monday evening.

Miss Glendora Herrick and Lyle Russell of Neenah, were the guests of Miss Grace Trautman Tuesday.

Miss Mary Taggart of Appleton spent a few days with Mrs. John Taggart in the city.

Floyd Schrader, who has been spending a few days with his parents, returned to Madison Tuesday.

Otto Kuehn left Tuesday for Madison after spending the weekend in the city.

Misses Alice Martens and Laura Bord have returned to Madison after several days visit at their homes.

Edward Wendland left Tuesday for Detroit, Mich., to visit with his son.

Harold Deuss and Louis Miller were business visitors in Green Bay and New London Monday.

False Burglar Alarm
A little flurry of excitement was caused Tuesday morning when an employe of the First National bank accidentally touched off the burglar alarm connected with the police station. Since James McCabe was alone at the station. Seizing one of the high-powered rifles kept by the police for holdups, he reached the bank in record time only to find that a mistake had been made.

Teachers Petition for Pension Bill Passage
(Special to Post-Crescent)
Madison, Wis.—Hundreds of petitions, signed by more than 50,000 school teachers and citizens of every county in the state have been received by the legislature, praying for the passage of bill No. 3348, offered jointly by Senators Kuckuk and Skog, and known as the teachers insurance and retirement fund on a sound business basis. The bill which was introduced two months ago and which has been submitted to every teacher in the state, will be given its first public hearing Thursday afternoon by the senate committee on education and public welfare and the assembly committee on education, jointly.

Members of the two committees met informally one evening last week to discuss the bill and to become familiar with its every provision that they might be able to instantly grasp any suggestion made toward the bill either by the proponents or opponents, if there be any. It is declared that both committees are practically unanimous in favor of the passage of the bill as introduced.

NEW LONDON HOME THREATENED BY FIRE

Fire Department Does Excellent Work—Begin Work on New Church.

Special to Post-Crescent
New London—The fire department was called to the home of Arthur Weller in the Third ward last Saturday morning, but in spite of the strong wind the fire was soon brought under control and very little damage resulted.

The Mens Glee club of the University of Wisconsin is scheduled to give a concert in the Grand Opera house, Wednesday evening, April 20.

Miss Laura Bovee and Miss Mabel Schoenrock spent the weekend at their home at Manawa.

Oestreich Brothers have leased the first floor of the Odd Fellow building and will soon move their stock of hardware from their present location. The Odd Fellow building has been occupied by Ike Poepeke who will conduct his billiard hall and pool room.

For Bride To Be
Miss Genevieve DeBruce was hostess

at a 6 o'clock dinner and shower Monday evening in Forester hall in honor of Miss Rose Mertens, who is to be married soon. The table, which was beautifully decorated in purple and white, was set for 20 young ladies. Miss Mertens was presented with a silver bread tray.

Henry Vogt Dies
Henry Vogt, 60, died Monday afternoon at St. Elizabeth hospital in Appleton. The body was taken to the home of his brother, Julius. The funeral will be held at 9 o'clock Thursday morning from St. Mary church, the Rev. F. X. Steinbrecher in charge of the services. Interment will be in St. Mary cemetery.

Birthday Party
Mrs. John Nelson entertained eight ladies at her home Monday evening in honor of her birthday anniversary. Cards were played and prizes were won by Miss Christina Huss and Miss Adeline Balk. A dainty lunch was served.

Aid Society Meeting
The Ladies Aid society of Congregation church held a successful ice cream social Tuesday afternoon and evening at Neisen's restaurant.

\$4,000,000

Consolidated Mortgage **8%** Sinking Fund Gold Bonds

ISSUED BY THE

ABITIBI POWER & PAPER COMPANY, LTD.

OF MONTREAL

Dated March 15, 1921. Due March 15, 1931. Coupon bonds of \$1000, \$500 and \$100 each, with privilege of registration as to principal. Principal and semi-annual interest payable in United States Funds at First National Bank, Chicago, and the Chase National Bank, New York.

MONTREAL TRUST COMPANY, TRUSTEE

Interest payable without deduction for Federal Income Tax, but not in excess of 4%

DISPOSITION OF BONDS

Now issued to reimburse the treasury for construction expenditures	\$ 4,000,000
Reserved for retiring first and general mortgage bonds, to bear interest at such rate as the Board of Directors may determine, but not exceeding 8%	7,815,500
Reserved for additional working capital, provided net earnings are not less than 4% times interest charges on all funded debt paid and to be issued, and sub-junct to the approval of Peabody, Houghtaling & Co.	2,184,500
Total Authorized Issue	\$14,000,000

These bonds are secured by a direct mortgage upon all the property now owned or that may hereafter be acquired by the Abitibi Power & Paper Co., Limited, subject only to \$3,815,500 first mortgage 6% serial bonds, maturing annually until 1934, and to \$4,000,000 6% general mortgage sinking fund bonds maturing in 1940. The property under the mortgage includes the Company's limits of over 1,000,000 acres of heavily timbered space land in Northern Ontario, 83,000 developed horse power on the Abitibi River, and pulp and paper mills with an annual capacity in newsprint paper, wrapping paper, sulphite pulp and groundwood pulp of over 186,000 tons.

SINKING FUND

The mortgage provides that a sinking fund of 10% of the Company's annual net profits available for dividends (but in no event less than \$300,000) per annum shall be deposited with the Trustee, to be applied by it in the purchase of these bonds, up to and including 110% of their par value and accrued interest. To the extent that it shall be unable to purchase sufficient bonds to exhaust the sinking fund, the Trustee shall invest the surplus in bonds or other obligations of the United States Government or the Dominion of Canada. Although these bonds are not subject to call, it is estimated that this sinking fund will be sufficient to retire the present issue in eight years.

VALUATION OF ASSETS

Timber Lands	\$ 6,000,000
Power Stations and Plants	\$1,382,500
Net Working Capital	5,000,000
Total Valuation of Assets	\$12,382,500

EARNINGS

The Company's net earnings available for interest and depreciation, since its inception in 1914, have been as follows:

1914	\$ 77,546.14
1915	226,545.40
1916	839,472.63
1917	1,223,001.33
1918	1,425,653.88
1919	1,125,117.92
1920	5,043,133.46
Maximum Interest on First and General Mortgage Bonds	468,930.00
Serial payment and Sinking Fund on First and General Mortgage Bonds	420,700.00 889,630.00
Balance for protection of Consolidated Bonds	\$4,153,503.46
Maximum interest charge on Consolidated Bonds	\$20,000.00

AFTER PROVIDING FOR MAXIMUM INTEREST AND \$420,700 OF PRINCIPAL OF THE PRIOR LIEN BONDS, THE NEW EARNINGS BEFORE DEPRECIATION FOR THE YEAR ENDING DECEMBER 31, 1920, AVAILABLE FOR THE PROTECTION OF THE CONSOLIDATED MORTGAGE BONDS ARE NEARLY 13 TIMES THEIR MAXIMUM ANNUAL INTEREST CHARGES, AND THIS TAKE ARE AN ACCOUNT OF THE INCREASE IN EARNINGS FROM THE COMPLETION OF THE NEW PLANTS ON MAY 1ST AND AN INCREASE IN THE COMPANY'S PRODUCTIVE CAPACITY IN FINISHED PAPER OF OVER 90,000 TONS A YEAR.

INGLER SEES MANY FAULTS IN LEAGUE

World League Not Formed on Christian Principles, Educator Says.

Expressions of opinion at the meeting of Prof. Francis Ingler's class in connection with the Religious Training institute in Main hall Monday night showed that members of the class were not in sympathy with the present form of the League of Nations which they characterized as not Christian in principle.

Prof. Ingler pointed out that the league did not possess the fundamental Christian principles on which Christian nations will agree. He pointed out fourteen cardinal failures of the League of Nations among the principal ones being that it does not recognize the western political principle of constitutional government, and that it does not recognize the rights of the united races. The latter was shown by the inconsistency of making Japan a member of the Big Five and still keeping her population from immigrating to countries populated by white people.

Members of the class which included a number of prominent business men and educators concluded that elements that would enter into an ideal league should be the general spread of American Christian activities in European fields, a recognition of the rights of smaller nations, abandonment of colonial policies, recognition of the united races, and the universal extension of educational and Christian facilities to rest of the world.

Prof. Ingler lectured on the "Labor Problem" before the adult men's class of First Methodist church Sunday morning in Lawrence conservatory. A number of representatives from the Trades and Labor Union were present. He spoke from the laboring man's viewpoint and emphasized the belief of Christianity in giving to labor the highest share in industry. He said that the spirit of humanity dominant over the spirit of profit was the true Christian spirit.

Prof. Ingler has been invited to repeat his lecture next fall before the forum in Lawrence Memorial chapel.

HORSE FIGHTS WAY TO FREEDOM FROM BONFIRE

Jumping "from the frying pan into the fire," a horse owned by W. H. Miller, town of Grand Chute, caused its owner the partial loss of a nice rubber-tired buggy.

Miller had cleared away a large quantity of brush in Center swamp along Mackville-rd in order to add to the appearance of the highway. He drove to the scene of operations to burn the brush and tied his horse at a distance.

All went well until the wind changed suddenly, enveloping the animal in a cloud of smoke. He tore loose and instead of running away from the smoke plunged into the brush and became entangled. The horse's struggles made the harness give way and he fled to safety, leaving the buggy in the brush where the approaching flames consumed part of the wheels and scorched the body because Mr. Miller was unable to remove it to safety.

CORBETT IS SPEAKER AT RIPPON GATHERING

There was an attendance of more than 100 men at the meeting of the Rippon Commercial club, Rippon, which was addressed by Hugh G. Corbett, managing secretary of the chamber of commerce Monday evening. He spoke briefly on the essentials of a strong commercial organization.

A dinner was served in the high school gymnasium by girls of the domestic science department, after which the members retired to the auditorium. Three reels of moving pictures were shown and a talk given by an electrical expert showing why Rippon should abandon its gas plant and secure heat and fuel from electricity. The pictures showed power plants on the Wisconsin river and also showed the many uses for electric current.

More Autos Stolen

Automobile theft appears to be increasing in the latter cities in the warm weather approaches, judging from the number of notices received by the police department tracing stolen cars. Sixteen postal cards arrived in one mail from Detroit, Mich., giving descriptions of machines ranging from Fords to Hudsons.

A meeting of the common council will be held at 7:30 Wednesday evening at the city hall.

ASYLUM HEADS TO MEET IN FOND DU LAC IN JUNE

A tentative program has been announced for the annual convention of the Wisconsin Association of Matrons, Trustees and Superintendents of County Asylums to be held in Fond du Lac June 8, 9 and 10.

There will be a social program on the opening evening, including orchestra music, musical numbers and speeches. On the afternoon of the second day the delegates will be taken on a trip to Waupun to visit the state penitentiary and hospital for the criminal insane. Several speakers of prominence are to be secured. About 100 delegates are expected including several from Outagamie county.

THIRD WARD FOLKS WANT POLICE GUARD AT NIGHT

Owing to the large number of unemployed men from neighboring cities who visit Appleton Junction daily and who claim to be looking for work, business men and residents of that part of the city are feeling the need more than ever of a police officer in that part of the city especially at night. The matter of circulating a petition asking the common council to station one there is under consideration. While no depredations have so far been committed business men are constantly in fear of their property being burglarized as suspicious looking characters are frequently seen. Some of the strangers make a practice of calling at back doors for lunches, a custom that has just lately been revived.

MOOSE MEET TO PLAN STATE CONVENTION

Plans for the state convention of the Loyal Order of Moose will be made at a meeting of the state executive committee in Fond du Lac next Sunday. Frank J. Foreman, Appleton, is a member of the committee and will attend.

The committee also will consider plans for dedication of the Wisconsin memorial building at Moschoer. This structure was erected with funds subscribed by Wisconsin Moose and is to be dedicated to the memories of Badger Moose who lost their lives during the World war. It is probable the dedication will take place in June in connection with commencement exercises of Moschoer high school. A large number of Appleton people are planning to attend.

Seymour Firm Incorporated. Articles of incorporation have been filed by the Seymour Shipping association with the secretary of state and recorded with the register of deeds here. The association is capitalized for \$100 and was formed to sell livestock, poultry and eggs.

Mr. and Mrs. J. Sofia of New London are moving to Appleton.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect.

MEMORY CONTEST TO BE HELD MAY 7

Scholarships Are to Be Given Winners—Sixteen Children Entered.

Final arrangements for the music memory contest for children between the ages of 8 and 12 years were made Monday afternoon at a meeting of the music department of Appleton. The contest will probably be held May 7.

The following children have registered with the committee: Dorothy Milo Upjohn, Marie Dengel, Ileen Dutcher, Harriet Melnich, Henrietta Pratt, Nona Nemachek, Elizabeth Meyer, Jane Pierce, Clarence Lembo, Thelma Zanzig, Helma Boettcher, Grace Smith, piano, Harriet Melnich, Wilmer Schieler, Clarence Lembo and Leha Boettcher, violin.

The department will have a picnic May 16 with a committee composed of Mrs. J. L. Sensenbrenner, Mrs. P. A. Paulson, Mrs. R. H. Starkey, Mrs. J. E. Kutz, Mrs. F. S. Aylesworth and Mrs. Charles Raueck in charge.

Mrs. E. F. Carroll addressed the department and explained the type of memory contest in which the students are asked to recognize a familiar piece by hearing just a few measures. She told how successful the contests had been in other cities and urged the local club to sponsor such a contest.

A musical program of McDowell's compositions was presented. Miss Irma Sherman played a piano solo. Mrs. Carl Waterman sang "The Robin Sings in the Apple Tree" and "In the Woods." "A Scotch Tone Picture" and "Rigaudon" were played by Miss Mildred Bunnell.

GROUP FIELD MEET IS PLANNED FOR HIGH SCHOOL

A group field meet is to be held sometime next week between three groups in the high school, the lightweights, heavyweights and medium weights. About 50 boys are now out for track, and there is enough material for a good representation in each group.

An interclass meet will be held May 7. Efforts are being made to arrange an all school day. The girls department will also put on an exhibition. A feature of the day will be a basketball game between the faculty and the senior class. The faculty already has organized and is practicing hard at every opportunity.

There will be a number of events in the group meet. The contest probably will be extended over two or three days, one group contesting each day.

EXPECT HOSPITAL PLANS HERE MAY 1

Plans and specifications for the new St. Elizabeth hospital for which a campaign for \$500,000 was conducted a year ago are expected to reach Appleton from St. Louis about May 1. The Franciscan Sisters have been consulting with the architects for some time to make sure of the correctness of every detail in the plans so as to give Appleton the last word in modern and completely equipped hospitals.

Bids are to be received from local contractors soon after the plans arrive. Work is to be pushed rapidly so soon as the plans are completed so the structure will be ready for use at the earliest possible date. The large amount of sickness prevalent here this spring has taxed the present facilities almost beyond capacity, demonstrating the need for a larger structure as soon as it can be built.

REVISE SCHEDULE FOR CHURCH VOLLEYBALL

Due to the evangelistic meetings which are being held in Memorial chapel a revision of the interchurch volleyball schedule was necessary. Following is the revised schedule:

Monday, April 18, Methodists vs Presbyterians at 8:15
Wednesday April 20, Methodist "A" vs Mt. Olive at 7:15, St. Paul vs. All Saints at 8:15
Monday April 25, Methodist "B" vs Congregational "B" 8:15, Congregation "A" vs Presbyterians at 9:15
Saturday, April 30, Methodist "A" vs Congregational "B" 7:15, St. Paul vs Presbyterians at 8:15.
Monday May 2 Congregational "A" vs Mt. Olive, Methodist "B" vs. All Saints.

SECOND HAND STORE BUILDING IS SOLD

The store building at 884 College ave. occupied by George Eberhart's second hand store, was sold Monday by A. L. Kiss to August Koll, former proprietor of Outagamie house. The consideration was not made public. Mr. Koll immediately leased the building to its present occupant for a term of five years. Mr. Kiss owned the property for about a year, having purchased it from George Seroogy.

Half Mad With Itching?

Clean Out Your Blood

That flaming, torturous itch that drives you to scratch yourself raw is excellent. Thousands have de- and bleeding is generally caused by impure, disordered blood. You can relieve it thoroughly only by getting the impurities out.

Enrich your blood and keep it wholesome. Then such troubles as are due to it will leave you. For this work famous old S.S.S., the vegetable blood remedy, is excellent. Thousands have depended on it for half a century.

Your druggist will supply you with S.S.S., and if you will write us a history of your trouble, we will give you expert medical advice free. Address Chief Medical Advisor, 842 Swift Laboratory, Atlanta, Georgia.

AWARD CONTRACTS FOR ROAD BUILDING

Contracts for the construction of the Seymour Appleton roads and the Greenville-Shiocton-rds were awarded to the Parker and Wunderlich company. Joseph McCarty was awarded the contract for the Little Chute-rd. hill at the meeting of the county, state road and bridge committee at the county highway commissioner's office in the courthouse Monday afternoon.

John Blindauer was awarded the contract for the draining, ditching and leveling of the Wolf river-rd. Contractors will furnish all material used in the work on those roads. O. C. Rollman, division engineer, and Charles Schultz of Hortonville, chairman of the town of Horton, were present at the meeting.

Fractures Leg Mrs. John Leyendecker, Kimberly, is confined to her bed with a fractured leg which resulted from a fall last week. Mrs. Leyendecker slipped on a banana peel, fracturing her left leg near the hip.

ASPIRIN Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of 12 Bayer tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acidester of Salicylic acid.

Society Brand Clothes

To The Man Who Hasn't Bought Clothes Lately

FOR a long time you've been stinting yourself on clothes. During the war "conserve" was the cry. During the high price era just passed "thrift" was the watchword.

But things are different now. Prices have been lowered radically. You owe it to yourself to buy new clothes. When you see our Spring assortment, you won't hesitate.

GOOD CLOTHES — NOTHING ELSE

Hughes Clothing Co.

808 College Ave. Appleton, Wis.

Some FACTS About

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

Prosperity Of Middle West Depends On Outlet For Its Vast Product

Former Governor Harding of Iowa, Urges Appleton Business Men to Work for Ocean to Lakes Waterway—Plan Is Feasible.

"If the manufacturing industries of Wisconsin are going to grow you have got to find an outlet to the world other than through New York port," said former Gov. W. L. Harding of Iowa in an informal talk on "Deep Waterway Transportation" at the vocational school Wednesday evening. "I am asking you what the Iowa farmer is going to do tomorrow unless something is done along transportation lines for the New England market today than it is to the Iowa farmer. The Argentine farmer can get into New England market with cheaper freight rates than Wisconsin farmers can." The former governor devoted most of his talk to the Great Lakes-St. Lawrence deep water project which he said was feasible from an engineering standpoint. "Besides that," he said, "there is waterpower enough in the two dams to be built to turn every spindle in New England." The Mississippi deep water project was also touched upon.

Dr. M. J. Sandborn introduced the speaker as Governor Harding. Mr.

of Iowa could not ship their products to market because they could not get cars. Last August when farmers could have sold their wheat, in Kansas alone, at the rate cars were furnished, it would have taken until 1934 to get the crop out of the state. And because the Kansas farmer could not sell his wheat every part of the United States is affected.

Transportation Is Vital
"The farmer is the original producer of wealth. The wealth of the country comes out of the soil, forests, mines and oil wells. There is a demand for wheat in Europe and ability to pay, but we cannot get it there. The granaries of this country are still full so the transportation problem is a vital one."

"The railroads have not been fair. The rate on grain from Chicago to New York City by rail was 13¢ 10¢ per bushel. The rate from Chicago to Buffalo was 5¢. The rate from Buffalo to New York was 8¢ 10¢. The 5¢ from Chicago to Buffalo was just enough to keep boats from carrying it."

"And when a carload of grain left Iowa, or Wisconsin or Minnesota to go to New York or Boston it took about 60 days. You know the average rate of a loaded freight car in the United States is about 20 miles a day and in war times it was reduced to 12 miles a day so you can see the situation we are up against in this country."

New York Is Opposed
"The reason I am talking to you tonight is for the purpose of convincing you that water transportation is feasible, and it is necessary, and to get you into the fight. I am pleased to notice the use you are making of rivers. It is along the right line. It is economy and it is conservation."

"There is opposition to this deep waterway project in New York City and Buffalo. New York City is opposed to it vigorously. The people feel if St. Lawrence river is opened up they will lose some of the freight that goes that way now. I have not much sympathy for New York. If the people are not able to stand alone, God help them. Where is costs a dollar to unload freight at any lake port it costs \$2.20 to load and unload in New York City."

"If you got to pay the rail rate and go by way of the port of New York, you cannot do it. If this Mississippi valley expects to do any foreign business, and we must do it if we are going to do it successfully we got to load our produce on ocean going vessels."

Faster Than Trains
"I spoke of freight cars moving 20 miles a day. An ocean going vessel can make 14 miles an hour. Ocean or water transportation is cheaper five to one on pre-war prices and it is ten to one better at almost any speed. There are a lot of people who don't realize that. They think water is slow. It is, but a freight train is slower."

"Now, there are people out in this valley who expect to pay the rail rate and go by way of the port of New York, you cannot do it. If this Mississippi valley expects to do any foreign business, and we must do it if we are going to do it successfully we got to load our produce on ocean going vessels."

Big Export Trade
"Then when you stop to think of Minnesota, the Dakotas, Iowa, Missouri, Indiana, Illinois and other states you begin to realize the amount of export freight that is available here if we only had the means to get out."

"Leaving this subject for a moment we all know that the railroads are incapable under the present situation to handle the freight of the United States. You know freight rates today are prohibitive. There is no quarrel between water transportation and railroads. The problem is too big for any conflict between the two interests. I am satisfied in my own mind that with the rates we have now it is impossible for us to do business in this country and pay bills. Furthermore, the railroads cannot handle the business."

"In Iowa alone we have 10,000 miles of railroad. Figure that at \$50,000 a mile and see how much money there is invested. A year ago the farmers

Harding corrected this impression by saying he was an ex-governor. He said he felt somewhat acquainted in this vicinity for the reason that his parents to the early days lived at Ripon and that he had two brothers born in Wisconsin.

Plan Is Feasible
In opening his talk the former governor said there was an international commission composed of three men from Canada and three from the United States that was appointed to decide whether the Great Lakes-St. Lawrence project was feasible from an engineering standpoint, whether there is commerce in the region adjacent to the Great Lakes sufficient to develop the canal and dam the rapids so that ocean vessels can sail down St. Lawrence river and into the Great Lakes and that it had decided after making a careful investigation that there was an abundance of commerce to warrant the expenditure of the money necessary."

"The engineers' report," said Mr. Harding, "will show that it will cost the two governments \$250,000,000 to make St. Lawrence river navigable for ocean going vessels. That is not such a very large sum when we consider the Panama canal cost \$500,000,000 and is not a paying proposition. There is more export business from the state of Wisconsin alone than there is one way freight through the Panama canal."

Big Export Trade
"Then when you stop to think of Minnesota, the Dakotas, Iowa, Missouri, Indiana, Illinois and other states you begin to realize the amount of export freight that is available here if we only had the means to get out."

"Leaving this subject for a moment we all know that the railroads are incapable under the present situation to handle the freight of the United States. You know freight rates today are prohibitive. There is no quarrel between water transportation and railroads. The problem is too big for any conflict between the two interests. I am satisfied in my own mind that with the rates we have now it is impossible for us to do business in this country and pay bills. Furthermore, the railroads cannot handle the business."

"In Iowa alone we have 10,000 miles of railroad. Figure that at \$50,000 a mile and see how much money there is invested. A year ago the farmers

THREE MORE HERDS PASS T. B. TESTS

Three cattle herds in Outagamie county were accredited during March by the federal government for passing satisfactory tests against tuberculosis for the last two years. This number will be increased materially soon because patrons of several cheese factories are taking steps to determine whether their cows are free from this cattle plague.

Wisconsin and Minnesota are running a close race for first place in cattle testing. Wisconsin tested 8,628 head and Minnesota 8,629 in March. New York ranks third and North Dakota fourth. Wisconsin ranks second only to Minnesota in total number of accredited herds with 444 officially recognized by the federal authorities. Herds were accredited last month in 23 different counties. Langlade leads with 21; Marathon was second with 11; Chippewa third with 8.

Other counties and the number of herds accredited were Sheboygan and LaCrosse, five each; Walworth and St. Croix, four each; Outagamie, Winnebago and Jefferson, three each; eleven others had one or two each.

Tuberculosis eradication work in Wisconsin is in charge of Dr. J. S. Healy, Madison, cooperating with the state department of agriculture.

middle west who are opposed to water transportation. They say it is not feasible. The commercial interests of Chicago have been studying this problem and are for it. Detroit has studied and is for it. The American Farm Bureau federation endorsed the proposition at its convention in Indianapolis.

"I don't know whether I have said enough to convince you that this matter is feasible and practical. If I have, then I want to urge you as a commercial organization and as individuals to get back of this movement to develop St. Lawrence for ocean going vessels and urge it upon your representatives and senators at Washington."

DELAY CONSTRUCTION OF STORE BUILDING
Construction of a new store building on the north side of College-ave. in the ravine, probably will have to wait another year if Anton Stadler, who owns the property and the building material stored there, persists in his intention to defer the work. Inability to float sufficient loans to carry on the work is said to be the reason for the delay in starting. Mr. Stadler purchased the property some time ago and the building material has been stored on the lot since war times.

BUILD SEVEN MILES OF CONCRETE ROAD THIS YEAR
Seven miles of concrete roads will be built this year by the county highway commission. Some of this work was left over from last year. It is expected that the pouring of concrete will be started next Monday on the Bear Creek-New London roads.

Most roads in the county are in good shape, according to reports to the commission. About 105 miles of concrete roads are in use in the county.

WANTED
Middle-aged Men for soliciting in country and small towns of Outagamie County. Preference given to men who own cars. Apply at Post-Crescent Office.

gage in the sale and manufacture of paper of all kinds, paper board, paper supplies and novelties.

Clinton C. Taylor, who severed his connection with the Fox River Paper Co. last year after 14 years of service with that concern, is at the head of the new company. He has established an office in the Arcade building and will acquire warehouse space as needed. The company, for the present, will be engaged exclusively in the jobbing business. Other branches of the industry may be attempted later.

Mr. Taylor began his connection with the Fox River Paper Co. in 1904, remaining with the concern until 1917 when he went to France with the rank of captain. He graduated from the first officers' training camp at Fort Sheridan. After his discharge from the army he returned to the Fox river company, remaining there until the latter part of 1920.

WANTED
Middle-aged Men for soliciting in country and small towns of Outagamie County. Preference given to men who own cars. Apply at Post-Crescent Office.

DELAY CONSTRUCTION OF STORE BUILDING
Construction of a new store building on the north side of College-ave. in the ravine, probably will have to wait another year if Anton Stadler, who owns the property and the building material stored there, persists in his intention to defer the work. Inability to float sufficient loans to carry on the work is said to be the reason for the delay in starting. Mr. Stadler purchased the property some time ago and the building material has been stored on the lot since war times.

BUILD SEVEN MILES OF CONCRETE ROAD THIS YEAR
Seven miles of concrete roads will be built this year by the county highway commission. Some of this work was left over from last year. It is expected that the pouring of concrete will be started next Monday on the Bear Creek-New London roads.

Most roads in the county are in good shape, according to reports to the commission. About 105 miles of concrete roads are in use in the county.

C. C. TAYLOR FORMS NEW PAPER COMPANY

Wholesale Jobbing Concern Is Established With Offices in Appleton.

Another paper jobbing company was formed in Appleton with the filing of articles of incorporation with the secretary of state by the Taylor Paper Co. with Clinton C. Taylor, J. K. Taylor and DeWitt C. Taylor as incorporators. The company is capitalized at \$25,000 and is given permission to engage in the sale and manufacture of paper of all kinds, paper board, paper supplies and novelties.

Clinton C. Taylor, who severed his connection with the Fox River Paper Co. last year after 14 years of service with that concern, is at the head of the new company. He has established an office in the Arcade building and will acquire warehouse space as needed. The company, for the present, will be engaged exclusively in the jobbing business. TELULAH SPRINGS FLOWING FASTER

Unlike most springs in this part of the state which have dried up, the flow at Telulah springs has lately increased from an average of five gallons per minute to nearly eighteen gallons per minute. No difference has been noticeable in the quality of water.

Andrew Grieshaber, who has been in charge of the spring for the last 12 years, succeeding John Goodland, said he contemplates delivering Telulah water to Neenah and Menasha this season for the first time, making three deliveries to patrons a week.

Mr. Grieshaber has had a number of patrons in the Twin Cities for several years, but has shipped the water to them in quantities of five or ten gallons at intervals of two weeks. With the aid of a motor truck he expects soon to deliver it fresh from the spring every other day.

MRS. PEABODY IS REELECTED HEAD OF MISSION SOCIETY

State Missionary Society Convention Closes Here This Afternoon.

Mrs. H. E. Peabody of Appleton was reelected president of the Wisconsin Branch of the Woman's Board of Missions of Interior States at the annual business session Wednesday morning in the Congregational church. Other officers are as follows: Honorary president, Miss Lucy Walker, Milton; first vice president, Mrs. E. W. Stuckney, Milwaukee; second vice president, Mrs. E. S. Worcester, Madison; third vice president, Mrs. Robert Chapin, Beloit; corresponding secretary, Mrs. A. C. Hough, Janesville; recording secretary, Mrs. G. T. Dougal, Fond du Lac; secretary of literature, Mrs. P. H. Ralph, Beloit; secretary of young peoples work, Mrs. E. J. Hughes, Milwaukee; secretary of children's work, Mrs. Thomas DeSwartz, Wauwatosa; assistant secretary of children's work, Miss Mary Borden, Madison; secretary of foreign correspondence, Miss Susan Jeffries, Janesville; treasurer, Mrs. A. V. Miller, Madison; auditor, Paul Schroeder, Madison.

The banquet for the most perfect record of the missionary societies was presented to the Winnebago association.

The Ladies of St. Matthew Church will hold a cake sale at Behnke & Jense's Store Friday afternoon, April 22.

tion which includes Appleton it its group of cities. The award of the banner is based upon the per centage of goals reached.

The convention unanimously adopted the goals as indicated at the national convention in Topeka, Kas. They were a woman's missionary study group in three-fourths of the churches; young people's and children's work in one-half of the churches; prayer group in one-half of the churches; mission studies taken by 10 per cent of the women in all of the societies; apportionment met; thank offering in three-fourths of the churches.

The convention adopted the recommendation of the Woman's Board of Missions of the Interior to the Wisconsin branch that it raise \$24,500 in the state work. The money was apportioned among the different associations.

A telegram was sent to R. P. Holton, state superintendent of the Anti-Slavery league asking him to support the Matheson bill with the Cook amendment, with no substitute.

The following committees were appointed: Resolution—Mrs. Worcester, Madison; Miss Fitch, Berlin; Mrs. Hutten, Waukesha; time and place—Mrs. W. R. Dickson, Antigo; Mrs. Westenberg, Menominee; reports—Mrs. J. D. Brownell, Ashland; Mrs. O. J. Owen, LaCrosse; nominating—Mrs. Chapin, Beloit; Mrs. Jeffries, Janesville and Mrs. Edward Hason, Beloit.

All of the associations were represented by their presidents who were on the platform with the speakers of the morning. Reports of the boards were presented by the corresponding secretaries.

The business session preceded the following educational program: "Study to Know," Miss Frances Patterson, Chicago; "Extension Work in Wisconsin," Mrs. Mary Stanley Gammon, Janesville; "Youth Women's Work," Mrs. L. N. Weber, Milwaukee; "Children's work," Miss Mary Lamberton, Chicago; "Missionary Literature," Mrs. Lynn Peace, Wauwatosa; "Our Representatives on the Foreign Field," Miss Susan Jeffries, Janesville.

Mrs. A. C. Hough and Mrs. O. L. Robinson assisted by the association presidents led an association conference on "Progress Toward Our Goals." Charts were exhibited showing the percentage of goals reached by the various organizations in the different towns.

After the morning session the delegates were entertained at a luncheon at the Y. M. C. A. An informal reception to delegates and guests was held at 4:30 Wednesday afternoon in the Congregational parsonage.

OIL COMPANY PICKS NEW STATION SITE

United Consumers Co. Acquires Corner Property on College-ave.

The United Consumers Co., which had an option on the Eggert hotel on Appleton-st., has purchased from the Federal Bakery its option and lease on the Klöppel property at the corner of College-ave. and Walnut-st. and will erect a new filling station on the site which will be in operation by July 15. The present building will be removed and a new and up to date station erected in its place at an expense of \$10,000. The grounds will be handsomely beautified.

The company is planning to erect several bulk storage tanks on Outagamie-st. immediately north of College-ave from which the company's filling stations in this and neighboring cities will be supplied. Alderman Charles Fose will be local manager. Work upon both the tanks and filling station will be commenced within the next few days.

The company which is only about a year old has 50 filling stations in Wisconsin. Those in Kaukauna, Seymour, New London and Menasha will be in operation within the next 60 days. Two heavy motor trucks will be used for delivery.

On the Solomon Islands, women wear great weights of metal as rings for ornament.

MENASHA-NEENAH NEWS

E. F. U. PRESIDENT TO GIVE ADDRESS

Valley Lodges Invited to Attend Gathering at Neenah Tonight.

Neenah—"What happened to Jones" is the name of the Menasha High school class play to be given by the seniors at the end of the school year. Equitable Fraternal Union, members of Menasha, Appleton, Kaukauna and Wrightstown have been invited to attend the Wednesday night session of the Neenah E. F. U. assembly. A class of new members will be initiated.

Judge J. C. Karel of Milwaukee, supreme president of the order, will deliver an address. Miss Theo McCallum was a Kimbly visitor Tuesday.

Menasha has accepted the invitation to take part in Neenah's Fourth of July and home coming celebration.

V. M. Gombert, Edward Saecker, Dr. Fokin and H. M. Northrup have been appointed to line up the floats to represent Menasha industries in the parade.

Miss Elizabeth Brooks, Washington-st., Menasha, and William Krueger of Neenah were married in Chicago Saturday, April 18. They will reside at Neenah.

John Brzycki of Menasha appeared before Justice of the Peace Paul Mertz Monday and pleaded guilty to a charge of reckless driving. He was fined \$10 and costs. The case was the result of an automobile accident at the corner of Milwaukee and Third-st. Sunday night.

Theatre Violinist

Edward Kursewski, formerly of Ashland, has been engaged as violinist at the Elite theatre and is planning to move to Appleton and open a studio for instruction in violin. Mr. Kursewski played a big audience in his first appearance here Tuesday night. He is an accomplished musician.

Meeting in Madison.

George H. Beckley, secretary of Appleton Building and Loan association, left Wednesday for Madison, where he will attend a conference of executives of Wisconsin building and loan associations.

Rotary Guests

Members of Lawrence College Mens Glee club were guests of the Rotary club at the weekly luncheon Tuesday noon in the Y. M. C. A. The singers rendered a short program for the Rotarians following the luncheon.

BELIEVE MISSING MAN STILL LIVES

Police May Search Hospitals for Man Missing for Nearly Two Weeks.

Menasha—Martin Alberts, Menasha man who has been missing since April 11, has not yet been located.

The police department is trying to learn his whereabouts and has learned that he had been in Appleton Thursday, April 14, to consult a lawyer. It is said that he told the lawyer that he had just returned from Minneapolis. Since then nothing has been seen of him, but authorities believe he has not taken his life.

While in Minneapolis Alberts is believed to have seen specialists as to whether his leg should be taken off. It is probable that he is now at a hospital having his leg amputated.

Alberts injured his leg several years ago and it has given him constant pain ever since.

Mr. and Mrs. C. F. Schultz and Dr. and Mrs. J. D. Franklin left Tuesday on a fishing trip to Winneconne.

Morris Eley left Tuesday to resume his studies at the University of Wisconsin.

The local club of the Wisconsin Federation of Women's Clubs has an invitation to attend the convention of the Sixth district of the federation at Two Rivers, May 12 and 13. The local club will send delegates.

Arthur Mott of Green Bay, visited friends at Menasha Tuesday.

Joseph Schwartzbauer has returned to Fond du Lac after visiting friends in the Twin Cities the last few days.

A mid-monthly meeting of the council of the city of Menasha was held Tuesday to allow the labor statement for the first half of the month.

The choir of St. Patrick church will give a banquet at the school hall Wednesday, April 20.

Clarence and George Hrubsky have returned to Madison to resume their studies at the University of Wisconsin.

DEATHS

MRS. ALFRED MOEHRING.

Mrs. Alfred Moehring, 19, daughter of Mr. and Mrs. A. F. Ulrich, 1030 Ryan-st., died Tuesday noon at her home at Shiocton after an illness of about 36 hours. Death was caused by convulsions. Mrs. Moehring had been married about six months.

She is survived by her husband, parents, one brother, Carl, and one sister, Vanita.

Funeral services will be held at the late home at Shiocton at 1 o'clock Thursday afternoon and burial will be in the Shiocton cemetery.

University Exhibit

Appleton people are urged in a bulletin from the Madison Association of Commerce received by the local chamber of commerce to attend the University of Wisconsin exposition April 21 to 23. The exposition is designed to show the public the university in operation, especially in its laboratories and various workrooms in connection with agricultural and other schools. One feature will be concerts wireless telephone from distant parts of the city.

Canton Crepe in ivory, honeydew, brown, navy and black. Extra heavy quality 40 inches wide \$4.25 a yd. The Fair.

WONDER HEAT CO. IS REORGANIZED

Dr. A. B. Jensen Succeeds A. Archibald as Head of Local Concern.

Complete reorganization of Appleton Wonder Heat Co. was effected at a meeting of directors and stockholders Tuesday night when A. Archibald resigned as president and general manager and plans were made for placing the company on a sounder financial basis. Mr. Archibald

will be connected with the concern in the capacity of special agent.

Dr. A. B. Jensen, Menasha, was elected to succeed Archibald as president, and O. W. McCarthy was named general manager and assistant treasurer.

Other officers are Chris Walter, Menasha, vice president; J. B. Langenberg, Appleton, secretary; Herbert Koske, Gillette, treasurer. Mr. McCarthy has had much experience as a production manager and business man, it was said. He formerly was connected with a large institution in the southern part of the state, assisted in organizing a bank at Marathon and more recently was interested in an immense fox farm near Sherwood.

Arrangements have been made with Fidelity, Inc., a St. Paul sales organization, for disposing of the entire output of the Appleton plant.

Cottage Prayer Meetings

Cottage prayer meetings will be held Thursday in connection with the McCormack-Clase Evangelistic campaign. The following will be hostesses: Mrs. Cornelius Riggles, 537 Hancock-st.; Miss Priscilla Leppia, 769 Meade-st.; Mrs. George Sutherland, 472 Minor-st.; Mrs. F. E. Saecker, 605 Union-st.; Mrs. L. P. Powers, 487 Washington-st.; Mrs. L. A. Youtz, 483 South-st.; Mrs. M. J. Sandborn, 777 Durkee-st.; Mrs. Ernest Fabel, 777 Harris-st.; Mrs. I. B. Wood, 720 Lawrence-st.; Mrs. Miles Meldam, Carver-st.; Mrs. Born, 646 Maple-st.; Mrs. S. F. Leuchars, 735 North Division-st.; Mrs. Byron Smolk, 1021 Second-ave.; Mrs. A. H. Gorges, 894 Superior-st.

Production will be started on a large scale as soon as sufficient capital is secured.

Miss Beatrice Sherburne has returned to the University of Wisconsin

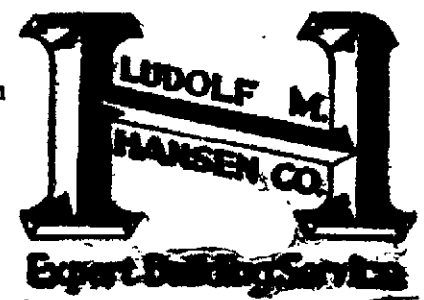

to resume her studies, after spending the spring vacation with her sister, Mrs. B. W. Wells.

Boy Breaks Arm.

Willard Bergholz, 6, son of Mr. and Mrs. William Bergholz, town of Grand Chute, broke both bones of the left forearm when he fell from a fence on which he was climbing Monday.

Material Markets

Building costs are not high today if you study material markets closely. Good buying of the product that enters into construction will lower costs to a point where it will pay any man to take up delayed building. Careful buying and knowledge of the markets have placed the Ludolf M. Hansen Company in its present prominent position as an engineering and construction firm.

MAHMOUT-HILL WRESTLING BOUT IS CALLED OFF

TURK, COVERED WITH BOILS, IS UNABLE TO COME

Ali Hassan, Another Turk, Secured to Take Mahmout's Place Tonight.

Appleton wrestling fans today are wearing crepe following the announcement late last evening that the Mahmout Hill wrestling match, scheduled for Monday night, had to be called off because the Turk is so covered with boils that he cannot go on the mat. The announcement came from Emil Klank, Mahmout's manager, about 6 o'clock last night after Promoter Elmer Johnston had completed all arrangements for the prize card of the season. It is not likely that the Turk will be seen here this year inasmuch as Hill is obliged to join his carnival company early next week.

Wrestling fans, however, will not be entirely without excitement for tonight because Ali Hassan, another noted Turk, has been secured to take Mahmout's place against the local man. Hassan is a much bigger man than either Mahmout or Hill but is not as well known as the Terrible Turk.

Promoter Johnston says Hassan is not a substitute for Mahmout. He wanted to call the match off altogether when Mahmout was unable to come but was induced to arrange for another man. Hassan is a big, powerful chap who will give Hill plenty of argument.

An effort was made this morning to have Mahmout come to Appleton to show local fans that he really is unable to wrestle. He was to have a treatment at a doctor's office at 11 o'clock and if he is able to travel will come on an early evening train. His physician refused to permit him to start for Appleton this morning.

According to word received here, boils appeared on the Turk's body only a few days ago and every effort was made to eradicate them. They came under his arms, however, and caused him so much pain that he had to quit working and matches for the next week or ten days were called off. He was scheduled to meet Gardini, the Italian champion in Chicago Tuesday night but the bout was called a few hours before starting time.

Promoter Johnston has announced that all those who purchased tickets for the Mahmout bout may secure refund of their money by applying at the ticket window tonight or by making other arrangements with him. Mr. Johnston said the sale was immense and several hundred will be refunded.

Cancellation of the bout was a real disappointment to local fans who were eager to see the big Turk in action against the local man. This was to have been the last bout of the season and interest was increased because of the prominence of Hill's opponent. An effort will be made to match the two men again next season. It is believed here that the Turk's training activities the last few weeks are responsible for cancellation. The invader has been trying hard to get in the best of condition for the matches with Lewis, Stecher and other topnotchers, which he expects to land and, like in other athletes, overexertion caused the outbreak of boils.

SHORT SPORTS

By United Press Leased Wire
Newark, N. J.—Tommy Gibbons, St. Paul, knocked out Porky Flynn in the eleventh round of a scheduled 12 round bout here Tuesday night. Flynn was badly beaten and had to be carried to his corner.

Lewis Loses Handicap
New York.—In a handicap match, Ed. Lewis, world's wrestling champion, failed to throw C. J. Carpenter of Augusta, Ga., a Princeton student, in twenty minutes, Tuesday night before the International Sporting club. Jim Londaas and Renato Gardini wrestled one hour to a draw.

BROWNS HIT FABER HARD AND TRIM WHITE SOX

St. Louis.—St. Louis hit Faber off portantly on Tuesday and captured its second straight victory from Chicago. The score was 4 to 1. Severed's error saved the White Sox from a shutout.
Chicago 0 0 0 0 1 0 0 0—1
St. Louis 0 1 1 0 0 2 0 0—4
Batteries: Chicago—Faber and Schalk; St. Louis—Sothoron and Severed.

MEUSEL'S HOMER WINS OVER DODGERS, 3 TO 2

Philadelphia.—Meusel's home run into the left field bleachers in the eighth inning defeated Brooklyn on Tuesday, 3 to 2. William's home run in the first inning was the only score until Neils tied it in the seventh with a four base drive. Errors gave the visitors another run in this inning, but Pitcher Ring tied the score again with a timely single in the last half. Thus was the champions' fifth defeat in six games so far this year.
Brooklyn 0 0 0 0 0 2 0 0—2
Philadelphia 1 0 0 0 0 1 1 1—3
Batteries: Brooklyn—Reuther, Cadore and Miller; Philadelphia—Ring and Brugg.

The prohibition raiders are determined to keep the moonshiners from posting as studies in still life.—Washington Post.

Red Leg Holdouts Want \$41,000

Larry Kopf, the Bond Salesman.

Cincinnati.—The services of Ed Roush, Hetnie Groh and Larry Kopf are not worth \$41,000 to the Cincinnati Reds, thinks Garry Herrmann. That is the combined amount which the three prize holdouts of the major leagues are reported to have asked. Roush, the highest-paid player of the National League with \$15,000, wants \$20,000, it is said.

Groh received \$10,000 last year and is reported to have asked for \$12,000. Kopf's salary was \$8,000. He would be satisfied with \$9,000. "There is a limit to the worth of a ball player," says Garry.

The directors of the club have gone further and announced that none of the holdouts would be traded. "So it's a case of come in on reasonable terms or stick to civies. Roush owns a farm in Indiana. He may spend the summer there. Groh owns a pool and billiard business in Rochester, N. Y. He can while away the long summer days shooting pool.

Kopf is a stock and bond salesman. None of the holdout Reds can make in business anything near what he could get out of baseball.

Both Roush and Groh have been sought by the New York Giants. But even Gotham would not pay such salary demands. Yet the acquisition of either would make the Giants look like a pennant winner.

Their Substitutes
Pat Moran has plugged the holes with young blood.
But Sammy Bohne is not a Heinie.

Ed Roush, the Farmer.

Groh at third Sam Crane is not a Larry Kopf at short. Charley See doesn't class with Ed Roush in the outfield.

Without the three Redleg jewels the team is an uncertainty. "The Reds—wrecked by holdouts—are dark horses similar to the White Sox—wrecked by the gambling scandal."

SPORT VIEWS AND NEWS

Appleton's interest in the outdoor track game seems to be decreasing every year. Not so many years ago followers of sport began picking up the dope sheet on track athletes just about as soon as the basketball players put their toes away but lately there has been absolutely no interest in the sport. This is due, undoubtedly, to the fact that the eastern Wisconsin interscholastic meets no longer are held here and also to the fact that Lawrence has not specialized in track for several years. This year, however, Coach McChesney has a likely looking squad working out daily on Lawrence field.

The little old game of "hold out" so popular among major league baseball players for many years, probably will be passed after this year. Magnates are tired of being held up for enormous salaries and the word has gone out that players who demand a mint full of jack for their services can remain at home. This is giving rookies a better chance and it probably is for the best interests of baseball. The old timers soon will learn that there is a limit to their earning capacity.

Cleveland isn't going to keep the American league pennant in mothballs very long. The Speakerites will set a precedent by raising the banner next Tuesday. This is the earliest date that the stunt has ever been pulled off in Ban Johnson's orbit. Evidently, Manager Tris must have a hunch that the waving pennant will stir his bunch of ball players on to greater efforts in the championship race.

Some of the eastern college dash stars are probably breathing easier these days since the announcement came out of the west that Charlie Padlock, champion of the world's record in the 220 yard sprint, isn't going to cross the continent this spring. The way Padlock has been stepping out there on the coast has set on all a gossiping and he is probably the most talked of runner in the game today.

Speaking of running, Frank Zona, the Newark, N. J., long distance crack, must have traveled right along when he copped the Boston marathon in record breaking time. Any one who can hoof 25 miles in 2 1/8 and a few seconds must be built for speed and what's more it's said "he finished fresh as a daisy." Chuck Mellon, the old war horse from Chicago, pranced right along and finished right behind the fast going New Jerseyite.

It's a funny old world after all. Charlie Moll brought his Winniepeg team out of the frozen north to get some spring training in "balmy" Wisconsin and the first four of his exhibition games were postponed by snow. Maybe next year Moll will stay at home and put snow shoes on his players.

CARDS TAKE HURLERS' DUEL FROM RED LEGS

Cincinnati, O.—May outpitched Marquard on Tuesday and St. Louis won from Cincinnati, 6 to 1. Sharp fielding by both sides featured every inning of the game. Score:
St. Louis 0 0 0 3 1 0 0 0—6
Cincinnati 0 0 0 0 0 0 0 1—1
Batteries: St. Louis—May and Clemen; Cincinnati—Marquard, Coumbe and Hargrave.

BELOIT GETS BIG STATE FIELD MEET

Lawrence Track Squad Is Preparing for Two Big Meets This Spring.

Beloit college has been awarded the annual Wisconsin Intercollegiate track and field meet and Saturday, May 28, has been designated as the date. Lawrence was entitled to the meet this year but Lawrence field is in no condition for championship events and local authorities asked that some other school be selected. Ripon also was out of the running and Beloit has the only other field that can accommodate the college athletes.

Ripon, Beloit, Carroll, Lawrence and possibly Milton and Northwestern of Westtown, will be represented. Beloit's track is said to be in the best possible condition and fast time is expected.

Coach H. D. McChesney of Lawrence has a big squad of athletes working out at Lawrence field and expects to cut a big figure in the state meet. He has a promising team which is doing excellent work in most of the events.

Lawrence probably will send its team to the "Little Eight" conference meet at Cedar Rapids, Iowa, May 13. Washash, DePauw, Lawrence, Klov, Cornell, Doe, Carleton, Beloit and Lawrence are expected to be represented.

PIRATES SWAMP CHICAGO'S CUBS

Hamilton Is in Good Form and Mates Bat Ball at Opposite Times.

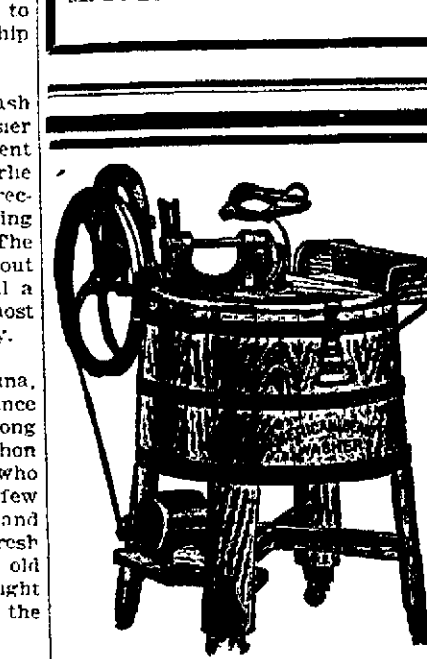

Chicago, Ill.—Hitting when hits mount runs, and giving wonderful support to Pitcher Earl J. Hamilton, the Pittsburgh Pirates defeated Johnnie Evers' Cubs, here, Tuesday afternoon, 14 to 2. It was the first Cub loss of the season. The visitors scored nine runs in the last inning. The score:
Pittsburgh 0 0 4 0 1 0 0 9—14
Chicago 0 0 0 0 0 1 0 0—2
Batteries: Pittsburgh—Hamilton and Schmidt; Chicago—Martin, Fuhr and O'Farrell.

Pave Waverly Road
One of the pieces of highway improvement planned for this season by Winnebago county is the grading and surfacing with concrete of a stretch of half a mile, near Menasha city. The pavement will be 16 feet wide.

PLEDGE \$2,500,000 TO IRISH FREEDOM FUND

Chicago.—Resolutions urging the United States to recognize the "Irish republic" were being drafted Tuesday at the first national convention of the American Association for the Recognition of the Irish Republic. These resolutions have the backing of five thousand delegates from over the country and will be sent to President Harding and congress. The Irish fund today was enriched by \$2,500,000 following action of delegates in pledging money to support the fight for Irish independence. Demonstrations during the address

of Harry Boland, Irish "envoy" to the United States, Mary MacSwiney and Lord Mayor O'Callaghan of Cork, marked the sessions Monday.

Markets

By United Press Leased Wire.
Chicago—After a slow opening grain prices advanced sharply on the Chicago board of trade Wednesday, due to a heavy demand from commission houses. There was considerable selling at the outset, driving wheat quotations, especially, down. However, the advance set in early and carried all prices upward.
Provisions were higher.
May wheat opened unchanged at \$1.22, and advanced 2 1/2c at the close. July wheat opened up 1/2c at \$1.03 1/2 and gained 2c later.
May corn opened up 1/2c at 57c and closed up 2 1/2c. July corn opened down 1/2c at 60c, but regained 2 1/2c. September corn opened up 1/2c at 62 1/2c and advanced 2c at the close.
May oats opened up 1/2c at 35c, but advanced 2c at the close. July oats opened unchanged at 37 1/2c and closed up 1 1/2c. September oats opened unchanged at 35 1/2c and advanced 3/4c at the close.

PICK WINNERS IN PURE MILK CONTEST

Health Department of Woman's
Club Hears Heiss Memorial
Address.

Winners in the Pure Milk company prize essay contest will be determined in a few days. It was announced Tuesday afternoon at the last regular meeting of the public health department of Appleton Women's club. The committee of judges has nearly completed its task of reading and judging the papers entered.

The main feature of the program was the presentation by Miss Labette Marshall of her Heiss memorial contest essay on "The Conservation of Childhood." Miss Marshall made a vivid and gripping appeal for service in solving the problems of babyhood and childhood; a plea that "each child be given an opportunity to live" and that this opportunity be given in a real home.

Since Appleton Women's club is endeavoring to serve the community through its homes and its women, those who heard Miss Marshall were especially interested in her plea for "happier little hearts, healthier little bodies, and truer, better men and women" through service for the babies and small children of the country.

WELCOME AND FAREWELL SIGNS AT CITY LIMITS

"You'll Like Appleton—For Pleasure; For Business."

Every automobile or vehicle entering the city from now on will be accorded this greeting, proclaimed by means of attractive roadside signs placed on all highways by the chamber of commerce. The signs were placed Monday and Tuesday by the Valley Advertising company, which had the contract for painting and erecting them.

A special sign has been placed near Waverly beach on Lake rd., inviting shoppers to come here. Farewell messages are continued on the cityward side of each board.

WOMAN STARTS SUIT TO GET \$5,000 FOR INJURIES

A jury trial in the case of Margaret Walton who is suing R. L. Sherman for the sum of \$5,000 as a result of injuries suffered when she was thrown from an automobile struck by a machine driven by Sherman on the Shawano road in July 1920 was heard Wednesday morning in municipal court before Judge A. M. Spencer. Miss Walton was injured about the face and head and her upper jaw bone was broken.

Miss Laura Fisher is visiting relatives at Minneapolis and Manabato.

Card of Thanks
We wish to thank our neighbors, friends and relatives for their kindness and sympathy and for the floral offering during the death of our father A. G. Grignon.
(Signed) The Children.

Old Army Songs To Be Featured Thursday Night

The above is a picture of H. C. Class, song leader with the evangelists party holding meetings in Lawrence Memorial chapel, as he appeared behind the lines in France. Mr. Class will lead the singing at the patriotic service in the chapel Thursday night when army songs will be sung. Dr. McCombe is to deliver a lecture on a patriotism subject.

BOOM D. J. RYAN TO HEAD COUNTY BOARD

Daniel J. Ryan, veteran member of the county board, who will represent the new village of Combined Locks when the board meets for special session next Monday, is being boomed for chairman to succeed Douglas Hodgins, Horroville who was not a candidate for reelection at the last meeting. Mr. Ryan has been vice chairman of the board for a number of years.

A decided boom to elect him as chairman has been launched by old members and it is said several of the new members who have had previous experience on the board also are favorable toward him.

TWINS ARE THE RULE AT JACOB KROMER'S FARM

Two pairs of twins have arrived at the Jacob Kromer farm, town of Grand Chute within three months. It was hard to distinguish the first pair from one another because they looked so nearly alike, but the new arrivals have a pronounced contrast of color. The sets of twins were presented to Mr. Kromer by his herd of Holstein cows. All are alive and growing, so he considers his cows a real source of profit.

HERE IS CHANCE TO KILL CABBAGE ROT

Many cabbage growers in Outagamie co. intend to try out the seed treatment idea as a means of reducing losses from black and stunted rot when Prof. R. E. Vaughan of the college of agriculture, Madison, comes here Thursday. They want to see what the results are in their own crops.

Prof. Vaughan will be in Grand Chute town hall all Thursday afternoon and will treat each man's seed as he brings it so he can take it back home. The plant expert will be at Apple Creek hall Thursday evening to give similar corrosive sublimite treatment.

Germes on the seed are killed in this way, reducing and in some cases eliminating the diseases in a cabbage patch. Germes in the soil and seed beds prevent 100 per cent elimination.

Licensed at Waukegan
William E. Krueger, Neenah, and Elizabeth W. Brooks, Menasha, have been licensed to marry at Waukegan Ill.

COULDN'T EVEN WALK A STEP, SAYS SCHULZ

Milwaukee Man Helpless
With Rheumatism, Gains
10 Pounds on Tanlac —
Friends Astonished at Recovery.

"Three weeks ago I was so crippled up with rheumatism I couldn't even walk a step, but here I am today walking as good as any man in Milwaukee," was the remarkable statement made by Otto Schulz, of 1704 Louis Ave., Milwaukee, Wis.

"Why, before I got Tanlac I was as helpless as a baby and could not stand up, much less walk. But look at me now. I haven't a pain about me anywhere and am planning to go back to work right away. I had an acute case of inflammatory rheumatism that came on about two months ago. My ankles were swollen and my legs hurt something fearful. My

wrists ached awfully and my hands were almost useless. If I lay down the pain almost killed me and I had to sit up in a chair night and day. For three weeks I went without a wink of sleep except the little I got from dozing off in my chair. My appetite left me, my nerves collapsed and as nothing reached my case I was about the most discouraged man living.

"The best thing I ever did in my life was when I decided to try Tanlac. In a few days the pains commenced to ease up and the swelling began to go down. In a few days more I could use my hands and could also walk around. I kept improving until now I haven't a pain or an ache and feel like a man made over again. My appetite is fine and I have picked up ten pounds in weight already. My nerves are steady and I sleep good and sound. I simply feel fine and my friends are astonished at my recovery."

INTRODUCTORY SALE — ON — SAUSAGES

Home Furnishing Week

Features a Demonstration of Neenah-Made Fiber Rugs

Watch the Side-walk Test all Week

An outstanding feature of Pettibone's Home Furnishing Week is the demonstration of Neenah-made Fiber Rugs. Half of the week is gone, and during this time the demonstration rug has been on the sidewalk in front of the store without any visible injury. The rug that can stand the passing of thousands of people, who have already walked over it, will give the best wear in your home.

Neenah Fiber Rugs are especially designed to give a beautiful effect in your room. The colors are the most desirable shades of blue, green, tan and grey with artistic patterns.

With the splendid wearing qualities that these Neenah Fiber Rugs possess—they cost no more than less satisfactory grades.

Size 18 by 36 inches	59c	Size 4 by 7 feet	\$5.75
Size 27 by 54 inches	\$1.98	Size 6 by 9 feet	\$10.75
Size 36 by 72 inches	\$3.50	Size 8 by 10 feet	\$15.75
		Size 9 by 12 feet	\$18.75

Watch the sidewalk in front of Pettibone's all week and see for yourself.

Rubber Matting For the Stairs

For your stairs, comes rubber matting, 36 inches wide in patterns measuring 9 by 18 inches for stair treads. One yard furnishes patterns for eight steps and the price is only \$2.50 a yard.

Brenlin Shades For the Bath Room

"Brenlin" stands for high quality in window shades. Shades made of "Brenlin" will not crack. Our workroom will make these shades from your measurements in any color you wish. Prices are a great deal lower.

Chenille Rugs Made-to-Order

Lovely rugs for bath room and bed side use, made of blue chenille in two sizes. These rugs are just as soft as they can be — and you can wash them. Size 24 by 36 inches — \$3.75; size 27 by 54 inches — \$6.

Tapestry and Wilton Rugs at New 1921 Pricings

The new 1921 prices have just come into effect on Tapestry and Wilton rugs. Our assortments are unusually complete for this time of the year. Many new patterns are shown that will delight you.

Tapestry Rugs
Oriental and all-over patterns in blue, brown and taupe tones await your selection. They are all seamless rugs and, of course, famous for wear.
Size 9 by 12 feet—now \$23.75.
An extra fine quality, size 9 by 12 feet at \$29.75.
Size 8 1/2 by 10 1/2 feet—now \$26.75.
Size 7 1/2 by 9 feet—now \$21.
Size 6 by 9 feet—now \$16.75.

Wilton Velvet Rugs
Seamless Wilton Rugs make luxurious floorcoverings. These are excellent qualities in many new and pleasing patterns and color schemes.
Size 11 1/2 by 12 feet—now \$48.
Size 9 by 12 feet—now \$36.75.
Size 8 1/2 by 10 feet—now \$33.75.
Size 7 1/2 by 9 feet—now \$26.75.
Size 6 by 9 feet—now \$21.
Size 36 by 72 inches—now \$6.50.
Size 27 by 54 inches—now \$3.25.
Size 18 by 36 inches—now \$2.

Draperies

Pleasing over - draperies make such a difference in the attractiveness of the summer home that they should be the first thing selected. This department is full of suggestions that will help in your selection of the very best thing for your rooms.

Orinoka Color-fast Materials

Orinoka materials are guaranteed sun-fast and tub-fast. Many weaves may be seen. In figured designs one finds Corcan Cloth and damasks. In plain materials, sun veil, sun ray and taffetas. Such colors as blue, mulberry, rose, gold and taupe provide for any decorative scheme.

A new fabric this Spring is Cannonbie Cloth, an oddly woven material in pink, blue or taupe. The price is \$2.25 a yard.

Much Wanted Cretonnes

Cretonnes are especially favored for warm weather hangings. Good designs and colors may be had as low as 39c and 69c a yard. Others range from 50c to \$2, and include patterns appropriate for every room in the house.

Figured Madras

Figured madras provides splendid hangings at small expense. The designs include rich floral and foliage effects in color tones of rose, blue, mulberry, taupe, brown and gold. All are 36 inches wide—39c, \$1.19 and \$1.39 a yard.

Quaker Craft Laces

Nets by-the-yard
Quaker Craft nets in plain weaves as well as every possible figured effect. Some have edge designs, others are plain. Choice of white, ivory and beige, 39c, 60c, 75c, 90c, \$1, \$1.25, \$1.75, \$2, \$2.25 and \$2.50 a yard.

Tuscan net is the newest design from Quaker looms. A heavy weave with a large square mesh. It is shown in beige and with a colored edging makes unusual curtains for dining and living room. Bed spreads may also be made from this net. \$1.50 a yard.

Dollar Marquisette for 69c

A fine quality marquisette with double thread and 40 inches wide is a splendid value at 69c a yard.

Ready Made Curtains

Curtains of good nets, two and a half yards long and finished with plain or lace edges. Both figured and plain patterns are shown. \$2., \$2.25 to \$3. a pair.

Amorex net is used to make curtains that are a little out of the ordinary. \$4.50, \$5., \$6. to \$7.50 a pair.

Imported curtains of Brussels net finished with beautiful lace edges and insertion patterns. They are a beautiful quality \$7.50, \$8.50, \$9.50 and \$10. a pair.

Curtains of scrim and marquisette are shown from \$1.50 to \$4. a pair.

IT PAYS TO SHOP DOWNSTAIRS ECONOMY BASEMENT
